They work at various purposes which are further complicated by one of the cast, the "Butler", an accomplished actor whose part is done in pantomime. There will be a food sale before and after the meeting conducted by Mrs. George R. Strandberg, who serves on the Board of Directors of the Club.

## GIRL SCOUT COUNCIL ANNUAL MEETING

### Goal of "A Million or More in 44" Achieved

More than one hundred Committee members, Troop leaders and Council members gathered at the Newton Centre Woman's Club on Tuesday, January 30 at 10:30 for the Adjourned Annual Meeting of the Newton Local Council Girl Scouts. Mrs. George H. Larsen, Commissioner, presided at both the morning and afternoon sessions.

In the forenoon reports of Standing Committees, Special Committees, Village Chairmen and Nominating Committee were given. No one present could help but be aware of the tremendous amount of thought and labor which each woman had put into her own job, nor be unmindful of the importance of each one's part in relation to the whole realm of Girl Scouting. In 1944 the National Scout organization reached its goal of "A million or More by '44," and this was achieved only by the coordinated efforts of the entire membership. In Newton a great upward surge has taken place in the last five years. Mrs. F. Leslie Ford, Village Chairman of Auburndale, graphically showed the trend in her pictorial chart of membership. In 1940 there were 1216 Girl Scouts and 170 interested adults, and today there are 1831 girls and 453 registered women Scouters. This total of nearly 2400 members of the local council represents a group to be proud of. They have worked together because they firmly believe that the training and the fun that girls receive in a Girl Scout troop or in a Girl Scout camp is worthwhile for good citizenship, whether our country be at war or at peace.

The Veterans' Administration of which Brig. General Frank T. Hines is administrator, maintains 94 hospitals throughout the United States devoted to the treatment of men who have fought our wars, including the present conflict. At the Chicago meeting of the E.P.O.E. last summer, Col. George E. Hines, assistant to Gen. Hines, asked their assistance in recruiting nurses for this purpose. In stressing the point that the Veterans Administration is not competing with the Army and Navy in attempting to secure the services

## SCOUTING—A FORCE FOR PEACE

In a message for the Boy Scouts of America on their 35th anniversary observance which opens on Feb. 8 and continues to Feb. 14, Dr. James E. West, Chief Scout of the Boy Scouts of America and member of the International Scout Committee, says that he believes "Scouting can be a great force for world peace" and that the Scout program "does help to develop in individuals those qualities which make for cooperation."

Dr. West's anniversary message follows:

"Those of us who have been privileged to take part in World Scout Conferences and Scout Jamborees, believe that Scouting can be a great force for world peace."

"We believe that Scouting does help to develop in individuals those qualities which make for cooperation, yes—for friendliness, for love of one another."

"The Axis Dictators abolished the Scout organizations and established their own youth societies. They tried to wipe Scouting out in the invaded countries. But the Scout organizations would not die and continued to do an effective job of training youth for constructive citizenship."

"Today more than three million Boy Scouts in over seventy lands are dedicated to the ideals of Scouting that will help them to become men of character, physically strong, mentally awake and morally straight."

## USO'S BIRTHDAY

On Sunday, February 4, thousands of Massachusetts servicemen and women the world over will celebrate the fourth anniversary of the United Service Organization, the servicemen's familiar USO.

USO started with an idea and an ideal, and became a practical actuality.

Its first work centered on young recruits, many of them away from home for the first time. USO was the link that helped them over the rough places. Now, many of these young men who knew USO as recruits are streaming home from the battlefronts, some gravely wounded, others more injured in spirit than in body. USO has effectively met these changing conditions.

The good this organization has accomplished cannot be measured. It has been a "home away from home" for our boys and girls in the service, and today with its 3,000 clubs and Camp Shows serving in every corner of the globe, it has a place in the heart of every American.

The fourth birthday will be celebrated for three days, February 3, 4, and 5 with open house in all clubs. This is a fitting time for all to show their appreciation of this great organization which has done so much to strengthen the morale of those fighting men and women who have been taken from their homes to uphold the standard of decency and right in a war-torn world.

We join with Americans everywhere in saying, "Happy Birthday USO."

## Politics With Color

(The opinions expressed in this column are the writer's own, and do not necessarily reflect the opinions or policy of this newspaper—Editor's Note).

### Hillman's Stooze

It may not be good form to refer to a former Vice President of the United States as anybody's stooze. The cold, hard fact, however, is that Sidney Hillman is currently using the naive Henry A. Wallace in that capacity. There is little, if any, doubt in my own mind that Wallace is perfectly sincere and well-intentioned. That unfortunately, is not the point. He is fundamentally an idealistic dreamer with comparatively little financial or business experience. The mere thought of putting him in complete charge of the regulation of business itself would be a try as soon as the war is over and giving him the power to grant huge loans and to call in other huge loans is abhorrent to millions of clear-thinking citizens everywhere. How can anybody expect capital to come out of hiding and make substantial investments in new enterprises a year or two hence? And if capital and management are going to be timid and fearful just where are the 60,000,000 jobs the administration is calling for going to come from? Surely the government itself will never be able to manufacture 60,000,000 jobs out of thin air. Made work will not get us anywhere; it will merely plunge us more heavily into debt. In due course we will be bankrupt and that's that.

Now where does Brother Hillman come into this picture? In the first place, to be utterly frank, I gravely question this man's fundamental Americanism. I find very little in his record to indicate profound patriotism on his part. He has proved himself to be a remarkably capable organizer of labor and in the 1944 election he went a step further and proved himself to be a master politician. He cleverly circumvented the laws which forbid labor from entering politics officially. It is generally admitted by politicians everywhere that it was the PAC of the CIO which held the balance of power last fall and which was directly responsible for Mr. Roosevelt's re-election. Hillman and his cohorts wanted Wallace as their Vice Presidential candidate and they did everything in their power to put him over. Remember that it was ONLY because the Democratic bosses in the big key cities protested to F.D.R. and told him frankly that Wallace would be too big a load to carry in the campaign that F.D.R. sacked Wallace and O.K.'d Harry Truman, even though the latter was relatively light timber. At that point our President did not think too highly of his hand-picked Vice President of 1940. And yet, just the other night, at the testimonial dinner to Wallace we hear read a letter from the White House in which Henry was touted as one of the biggest and most useful public servants in the land. Query? What has happened to Henry between June, 1944 and January, 1945 to cause the President to treat him so differently? Wouldn't you like to know?

I would. As for Hillman, it is a simple matter to figure out his position. He failed to put Wallace across at the Democratic convention, but he did not miss by a very wide margin. Now he is trying again, from another angle. The stakes are almost as high this time. If he can capture the Commerce portfolio, which, up to date, has included vast powers never wielded by Herbert Hoover when he was Secretary of Commerce, he will have under his thumb the No. 2 man in the U. S. Government. Not only that; he will have under his thumb the 1948 candidate of the Democratic party for President. Think of that. The stakes are high, are they not?

Finally, in case some of my read-

Luncheon at 12:30, and the program at 1:30 p. m. as follows: Speaker, Mrs. Frederick B. Bridgman, soprano; Devotions, Mrs. Franklin Field.

For years a beloved and leading figure in all movements for the betterment of social and economic conditions among the black men and women of Johannesburg, South Africa, Mrs. Bridgman, distinguished daughter of a distinguished father, will speak on the subject, "The New Woman in Africa." To some the name of Johannesburg, South Africa, means gold; to others the lure of the black continent; to still others the spot where the strongest racial bitterness seethes—but to Mrs. Bridgman it means thousands of Africa's sons and daughters drawn from their native kraals and simple life, to work in the mines where they are caught in the relentless grip of "progress" as defined by "modern civilization." Mrs. Bridgman has worked un-

ceasingly for over 40 years as a member of innumerable committees and as the instigator of many social experiments.

The widow of Rev. Frederick B. Bridgman, known as the "apostle to the African in the City," Mrs. Bridgman carried on after the death of her husband in 1925 and built the beautiful Bridgman Memorial Hospital, the first and only hospital for Bantu women in South Africa, whose native graduate nurses are now scattered throughout Africa.

Mrs. Bridgman was the leading spirit in a committee of women to found the Talitha Home for Girls, a fascinating experiment in the humanities, the first of its kind in South Africa. Prior to the opening of this home hundreds of girl delinquents, first offenders between 14 and 18 years of age, were brought before the juvenile court for minor offenses and then, since there was no other place to send them, put in the main prison along with hardened criminals. This home gives them a chance to rehabilitate themselves.

Born in Kobe, Japan, Mrs. Bridgman inherited from her father a great missionary faith. He was Dr. Jerome Davis of Japan, co-founder with Joseph Naesima of Daishu University. Educated at Oberlin College, Mrs. Bridgman went to Africa first in 1897. She is now retired from active foreign service but has not lost her contacts with South Africa.

All women are cordially invited to attend.

### KIWANIANS MAKE PLANS FOR MORE ACTIVE CLUB

Suggestions for a more vigorous club and a two-and-one-half-hour discussion concerning Kiwanis' future activities, featured the Newton Kiwanis Club's noon luncheon at the Y.M.C.A., yesterday.

The meeting, attended by Newton Kiwanians exclusively, was opened by President Benjamin Louis, who, attired in a white sweat shirt, on which the word, "REFEREE," was crayoned, invited all who desired, to air their views on the administration, past and present, of Newton's Kiwanis Club.

The discussion which followed, including remarks by: Leo Noel, George White, James P. Gallagher, Archie Bellinger, Walter Hood, John Janse and Wilfred Chagnon. On one occasion, President Louis, in mild disagreement with a speaker's suggestion, reversed his shirt and revealed the new marking: "CONTESTANT." Suggestions were also offered by: Dr. F. H. Paul, Edward Hickey, Frank Battles, Tom Donnelly, Bob Wilcox, Walter Finlay and Bill Jasset.

Wednesday's "closed" meeting, the first in many years, was unanimously agreed to be one of the most enjoyable and constructive in a like period. A similar meet-

ing is being planned for February. President Louis read several letters from servicemen overseas. The boys have been receiving "What's Cookin'" and, according to the letters, they're grateful. Mr. Gallagher presented Walter Hood the past president's pin. James B. Riggs won the attendance prize.

Next week's speaker will be Rev. John J. Connolly, director of the Catholic Guild for the Blind. Fr. Connolly is a nationally-known authority in his field and has been instrumental in the establishment of many sanctuaries for those so grievously afflicted.

An address on traffic safety was given last Friday night by Inspector Thomas L. McEaney of the Newton police traffic bureau before the cub scouts of Newton Highlands and their parents at the Hyde School, Newton Highlands, last night.

Inspector McEaney outlined the duties of the traffic bureau and said the police department is conducting a vigorous campaign for traffic safety, conducting its attack through education. He urged that all obey traffic signals, asserting that traffic signals are installed not only to control vehicles but to regulate the movement of pedestrians.

"Accident reports indicate that it is almost four times as hazardous to cross an intersection against a signal as to cross in obedience to it," he declared.

### SHARE-HOME DRIVE GETS RESPONSE

The Newton Community Council reports that the "Share Your Home With a Child" campaign is receiving a responsive response. People who before now have never thought of sharing their homes have come forward and are offering to take one or more children.

Newspapers, churches, schools, libraries, clubs, and other civic groups are being asked to lead information about the campaign, and radio stations are giving of their time.

One prospective foster father said: "I told my wife that we've been bringing up our nephews and nieces most of our lives, though we've never had children of our own. Now that we have none with us why not take some boys who really need us?"

A mother says that they have daughters, but no son, and she thinks that her husband has a right to have a boy. They hesitate to adopt a son, but they think it will be fun to have a boy in their home temporarily. Another "just loves little babies, the littler the better!"

"Once again Newton people are showing that, when there is a real community need, they always respond," Council officials stated.

"With increased activity in both the European and Pacific theatres of war, it is more important than ever that we continue to keep Red Cross at the side of every man and woman in our armed forces," said Mr. Floyd, "and I know that Newton will prove once more that the folks back home are giving wholehearted support to our boys and girls in the service."

### Sports in a Nutshell

By Bill Sullivan

Newton started off with a bang when Bob DiBlasio shot a goal from the corner on a pass from Johnny Recco in the first 38 seconds of play but Joe Doherty came right thru to the Newton net and lifted the puck in for Stoneham.

In the same period, from then on both sides skated fast and passed consistently but none of the players could get that puck in the net. Bonny Buonato played a whale of a game in the net for Newton and Whiston guarded Stoneham's net so well that Newton could not get in to break the tie.

Arlington beat Cambridge Latin 7-3, Arlington scoring 4 goals in the first period, 1 in the second, 3 in the last period. Latin scored 3 in the first period. Rindge Tech handed Medford their first defeat of the season by scoring 2 goals in the second period, holding Medford to the goal they scored in the first period. Melrose beat Belmont 4-3.

Newton High came thru again Saturday Jan. 28 to beat Belmont 5-3. Newton scored first when Recco shot one in on a pass from DiBlasio. Kelley tied it up on a pass from Harrington. Barry put Newton ahead in the second on a pass from Recco. Harrington then scored for Belmont and Kelly scored to put Belmont ahead only to have Crafts of Newton tie it up again.

In the third period Newton went right to it. Recco scoring on a pass from DiBlasio half way thru the third and then to make it safe DiBlasio came right thru with the final goal.

Melrose held Medford to a tie 2-2, Medford having the edge in the first and second period but were just hanging on in the final period when Melrose scored twice to tie it up. Stoneham just made it to beat Arlington 3-2, leading 3-1 half way thru the final period. Arlington came to life and had the puck nearly all the rest of the way but could only score 1 goal. This is quite a race. Stoneham is now in first place, Medford in second and Newton is tied with Rindge for third place. St. Sebastian beat St. Mary's of Waltham 5-3.

Newton won the Northeastern Interscholastics meet at Boston Y.M.C.A. defeated Medford 20½ to 20. Going into the relay Newton led Medford 18-15 and when Medford came through and beat Boston English in the best time 2m 20s it looked bad for Newton as Boston English had posted 2m 25.4s, but Newton once more showed the way to Malden by posting 2m 21s, taking third in the relay standing scoring 2½ points and winning the meet. Newton 20½; Medford 20; Boston English 9; Cambridge 8; Weymouth 7; Lowell 6; Malden 6.

Newton High's basketball team kept rolling right along by defeating Rindge Tech 20-11. Newton has now won eight games and lost none to lead all teams in the Suburban league. Brookline is second with five games won and 2 games lost.

The Boston Bruins had a field day at the expense of the New York Rangers when they defeated them 14 to 3 in the Garden Sunday night. Scoring five goals in the first period five in the second and four in the final period. In the second period the Bruins scored 4 goals in the first period and twenty seconds. Bill Cowley scored four goals, Ken Smith three, Mario 2, Crawford, Clapper, Cain, Rozzini, and Thomas each scored one. Ken Auley came up with 46 saves for New York or the Bruins would have broke the league scoring record. The Canadians made it seven straight wins over Detroit by defeating them 6 to 3. Richard scored three goals for Montreal. Chicago shut out Toronto 4 to 0. The Detroit Red Wings kept up their winning streak by slapping the Bruins down 5-4. It was a top notch game and with the score tied 3 to 3 half way through the third period the crowd went wild when Cowley let go a pass to Thomas and the puck went in off Thomas' stick to put the Bruins ahead 4 to 3. Then Siebert for Detroit tied it up with a goal on a pass from Howe with Gaudreault of the Bruins in the clinch. Siebert won the game for Detroit with a long drive for the final goal.

The Montreal Canadians had it all over the Bruins in Montreal Saturday night by scoring 11 goals to Boston's 3. Montreal scored five goals before Frank Mario got the Bruins first goal. Pat Egan and Jack Crawford each scored a goal in the second period when the Canadians were scoring three and then Montreal scored three more in the last period. Detroit beat Chicago 5-1 and Toronto shut out New York 3-0.

The Canadians came to Boston Sunday night and repeated what they did in Montreal Saturday night by again trouncing the Bruins this time by a score of 4 to 1. It looked like a shutout until Cowley came around the Montreal defense and shot a goal with less than a minute to play in the final period. Crawford got an assist on the play. Toronto shut out New York for the second time 7 to 0. And Detroit defeated Chicago 4 to 2. Montreal now leads with 26 won.

## ***He'll Have To Reload That Gun Many More Times Before He Can Come Home To You!***

You can't very well recognize this boy under that helmet and with his gunstock before his face --- but he's the boy in combat whom you love best: the boy you're most anxious over, pray for; and want home safe and sound as fast as possible. That "fast as possible" depends on you, Mr. and Mrs. War Worker as much as on him. It's not all high minded patriotism but down-to-earth realism that tells you you're as much of the war effort as he is, and that you have as much to gain as anyone in this world by speeding the day of victory ... and you can only speed the day of victory by sticking to

that job of yours ... by taking as little time off as is humanly possible and by giving all you have to the job ahead.

So do your job and he'll do his. He can only reload that gun if you help supply the bullets and everything else which is needed to win the war.

To you people who are not now in essential war work, you too are needed to bring this boy home. Find that job for which you are best qualified by reporting to your U. S. Employment Service.

This series of messages is directed to the people and especially the war workers of this area. They are made possible by the following patriotic industrial firms and financial institutions.

or persons who are qualified to serve with the Armed Forces, Col. Jiams said:

"There are in America, however, a large number of women who have been trained as nurses, dietitians, etc., who are no longer following those vocations. Many are beyond the age which would enable them to join the Armed Forces. Some may have slight physical defects which would prevent them from serving with the Army and Navy. It is to this group that I should like to appeal to come into our service to assist us in giving proper medical care and treatment to thousands of honorably discharged veterans of all our wars."

## NEWTON In The Past

55 YEARS AGO

Newton Graphic, January 31, 1890  
The gas company is putting an electric light meter in Wellington Howes' market, Newton, to test its workings. So far electric meters have not proved very successful.

A new plan is being talked of to bring the Oak Square electric cars to Newton around the Washington street hill by way of a new street leading to Hummel avenue, thus avoiding the steep grade of the hill and at the same time accommodating the hill people. The West End company has been buying land on the Brighton slope of the hill, which may have given rise to the rumor. The old plan was to run tracks down Tremont to Park Street, and it is rather surprising that this has not been done as the patronage would pay for the start.

REP. WALTER H. JUDD

## Rep. Judd To Speak at W. Newton

Congressman Walter H. Judd of Minnesota, authority on Chinese affairs and recently returned from a visit to China, will outline this country's prospects for the war and the peace, from the Asiatic aspect, at the Second Church in West Newton, Mass., next Tuesday evening, February 13, at 8:00 p. m.

Heading a hospital in Shaowu from 1925 to 1931 and another hospital in Panchow from 1933 to 1937, Dr. Judd saw Japanese militarism at its worst. He was so embittered by his experiences that he turned from hospital work to the lecture platform, traveling this country for three years preceding Pearl Harbor to protest shipment of war materials to Japan and warn of Japanese militarism.

After practicing medicine in Minneapolis for two years he was elected a Representative from Minnesota in 1942 and was re-elected last fall. He is one of the best-informed Americans on Far Eastern affairs and has won quick recognition in Washington Congressional circles.

Boy Scout Week in Norumbega Council will be celebrated from February 8, Scouting's birthday and 35th Anniversary, to February 14.

A Council Court of Honor will take place Feb. 9th at the Weeks Junior High School in Newton Centre at 8 p. m., when awards will be made for all ranks in Scouting, by Dr. Homer Anderson, Newton School Superintendent; Mayor Paul M. Goddard of Newton; First Selectman Edward T. Kilmain of Wellesley; Scout Commissioner F. Brittain Kennedy; Council President James C. Walton; Senior Scouting Chairman Stanley W. Merrill; Training Chairman Raymond D. Leonard; and others. Rabbi Kalman Friedman will be the speaker at the Court.

Boy Scout Sunday (February 11) will be observed with appropriate services. A mass will be conducted for all Council Scouts and Cubs of Catholic faith at Sacred Heart Church in Newton Centre, at 9:15 a. m. A Communion breakfast will follow mass and a speaker of note will talk at the breakfast.

Village quotas for the coming War Fund have been announced by Charles B. Floyd, chairman of the Newton Red Cross 1945 Campaign, as shown above.

"The Village allocations are, essentially, the same as last year," said Mr. Floyd, "and I feel sure that our citizens will respond with their usual overwhelming generosity, knowing that a large portion of the money they give to Red Cross will be used for the men and women who are serving in uniform for us."

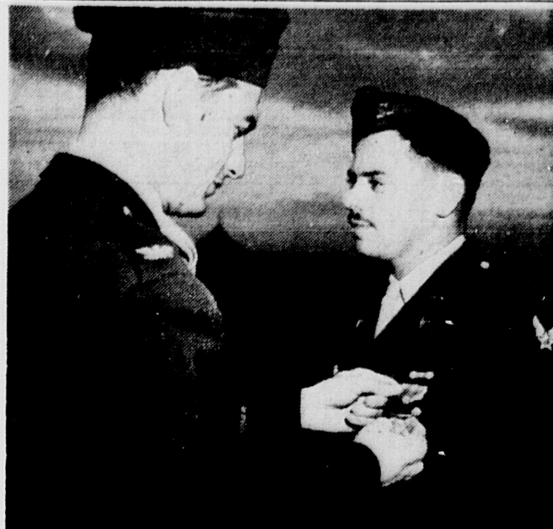

The enthusiastic hard work of a small army of volunteers is set (Continued on Page 3)

## Capt. Brown Wins Bronze Medal

15TH AAF IN ITALY — Captain Robert H. Brown, 27, son of Mrs. Annie Brown, 5 Montrose street, Newton, a squadron Engineering Officer in the ground crew of a 15th AAF P-51 Mustang fighter group, has been awarded the Bronze Star Medal. This award was made for his "meritorious service in direct support of combat operations."

The citation accompanying the medal reads: "Between October 10, 1943, and June 1, 1944, Captain Brown performed two outstanding tasks. Without assistance, he supervised two aircraft transitions of his unit, one from an inlined engine type to a radial engine plane, and the second time to his group's present P-51 Mustangs. In each instance he was responsible for the assembling and maintenance of aircraft and the training of his men. His efficient actions, technical skill and devotion to duty have reflected great credit upon himself and the Armed Forces of the United States of America."

Capt. Brown entered the Armed Forces on May 12, 1941, and continued (Continued on Page 3)

## Aldermen Vote \$35,000 In Additional Funds To Provide For Snow Removal

### Establish Fund in Honor of Lt. Gutman

Establishment of a Lt. Hirschel Gutman Fund for the advancement of American ideals, in honor of its first member to die in World War II, has just been announced by Temple Israel's Brotherhood in conjunction with the meeting it is sponsoring for 8 p. m., Monday, February 12, at its Meeting House, at which three distinguished educators are to be honored for their achievements in the field of intercultural education.

Lt. Gutman, a Liberator pilot, holder of the Distinguished Flying Cross, the Air Medal with three Oak Leaf Clusters, the Purple Heart, and a Presidential Unit Citation, was killed last April when his plane, riddled by enemy fire, crashed on landing at his English base, after completion of his 28th mission over Germany.

The Fund, according to Paul Simons, Brotherhood President, this year will be used to provide six scholarships for Greater Boston school teachers to the Harvard Workshop in Intercultural Education (Continued on Page 2)

### Application Is Denied For Convalescent Home

The Newton Board of Aldermen on Monday night appropriated an additional sum of \$35,000 for snow removal in the event of more storms before the annual budget is passed. The cost of keeping the streets clear during January amounted to \$67,220.

The recommendation by Mayor Paul M. Goddard that Patrolman Merrill T. Brayton of the police Department and Lt. James A. Muldoon of the Fire Department be retired on a pension because of disability was complied with by the Board and the sum of \$993 was appropriated for Patrolman Brayton's pension for the balance of the year and \$1,120 for Lt. Muldoon who is retiring because of injuries received in the performance of his duties at a fire. Patrolman Brayton, a veteran of World War I, has been ill for some time.

The petition of Dr. Frank C. Romano of Natick for a permit for a convalescent home at 150 Hunnewell avenue, Newton, was denied by the board following a hearing at which opposition was expressed by residents of that section.

An application of Mrs. Grace E. Bacon of 619 Washington street, corner of Crafts street for a lodging house at that address was held for further consideration by the board. An appropriation was made of (Continued on Page 3)

## Rotary Club

The extent to which labor and management can work out their common "misery" together may determine the economic stability of the country for years to come. Thomas E. Wilkinson, secretary and legislative agent of the Massachusetts Federation of Labor, stated at the meeting of the Newton Rotary Club at the Brue Burn Country Club.

Mr. Wilkinson, who was introduced by Rupert C. Thompson, secretary of the Newton Chamber of Commerce, spoke on "The Case for the A. F. of L." He said the Federation comprises 111 international trade unions, each with a defined jurisdiction. The unions may combine into state organizations on a voluntary basis, but retain complete local autonomy, he said.

The average initiation fee is \$5, though in cases of highly skilled crafts the fee is higher, he stated. The average dues are \$1 to \$5 a month, but in many cases this includes pension and other benefits so that the dues may be actually 25 cents a month, according to Mr. Wilkinson.

Though 25 per cent of the membership are in the armed services, there is a 25 per cent increase in total membership, or a gross increase of 50 per cent in new members, he said. The Federation is opposed to federalization of business and industry as management, he said.

A plea for furniture for the new headquarters of the Air Scout Troop, sponsored by the club, was made by Dr. Everett Pierce.

Former State Representative William Baker, chairman of the Newton War Price and Rationing Board, will be the speaker at the next meeting of the club.

**W.C.T.U.**  
Miss Blanche S. Wells, chairman of literature and state assistant treasurer of W.C.T.U., spoke on "Our Tools" at the February meeting of W.C.T.U. at the Baptist Parish House, Newton Centre.

"Our Tools," she said, are our weapons of defense, our literature, against the divorce courts and broken homes, broken from misuse of alcohol. If more people could see that it is not just the use of alcohol, but its misuse, that is causing our high school girls to be drunk on our streets, and disgracing society. Join a W.C.T.U. Unit. There is a fund of \$3,268 and the Francis E. Willard Fund which is added to on the 17th of every February by every unit in the States. Two dollars is sent from each Unit. This fund is at the Washington, D. C. headquarters of W.C.T.U. and has field funds of \$1,951 now, to help in pioneer work for temperance.

Yale University is teaching the ill effects of alcohol and has a waiting list of hundreds that want to learn about this poisonous menace to the well being of humanity.

We must teach our children that alcohol is a poison to their system and blood and weakens the brain, in early years before the age of 12 years if we want to save them from its evils. Very few churches realize what alcohol does to ruin the well being of homes. It must be taught in schools. Yale is doing a lot of good.

March 1st there will be an instructive meeting with valuable help for mothers everywhere in the City of Newton. It will be public and Mrs. Edith Fehrmström, president of Youth Temperance Council, will speak and give a flaming illustration of this dangerous curse to civilization. Alcohol and poisonous narcotic tobacco. Miss Beatrice D. Wilbur, county president, will speak on "Social Morality" at the same meeting. Help your young by learning yourself - Come!

Mrs. Kirkly Mather opened this meeting with an inspiring spiritual address. A solo was given by Mrs. William F. Ferrin, who will also participate in our next meeting, Mar. 1st, at 2:30 p.m., at 848 Beacon street, Newton Centre, the Baptist Parish House. All come. Help your young.

Mrs. Edith Fehrmström has come to reside in Newton Centre this month with her married daughter and we welcome a Youth Temperance president and worker to our city.

**Nutrition Class**  
Mrs. John I. Heibek, Chairman of Nutrition for Newton Red Cross, announces that a new class will start on Tuesday, February 13th, from 7:30 p. m. to 9:30 p. m., at the Chapter House, 21 Foster street, Newtonville. Enrollment may be made by calling Lasell 6000.

## Newton Kiwanis Club

Wallace G. Strathern, Director of Sales Training for the New England Coke Company, gave an unusually informative talk before the Newton Kiwanis Club, Wednesday noon, at the YMCA. Mr. Strathern has trained over one thousand fuel dealers and salesmen in the art of salesmanship, during the past two years and his subject, "Individual Post War Planning," was timely and well received by the assembled Kiwanians.

The need and value of sales training in business and every day contacts was stressed by the speaker with suggestions for constructive, easy-to-take methods of self improvement for the individual. Mr. Strathern, who occasionally has a bit of difficulty in obtaining breakfast, told of an experience, recently, while waiting to be served in a nearby restaurant. The waitresses paid him no attention, he said, and although a kindly, patient man as a rule, the Director of Sales Training began to rise within him as the minutes ticked on. . . . The girls' discussion of their experience the previous evening, while he hungrily awaited their pleasure, he pointed out as had business procedure.

He was about to mention this, he added, when the door flew open and a little man, the proprietor, barged in raging, "I leave the place for ten minutes," he screamed at the girls, "and you're too slow! We wait on one LOUSY customer!"

The Director of Sales Training was horrified, according to Mr. Strathern.

Pete Pettigill led in the singing of "I Want a Girl Just Like the Girl That Married Dear Old Dad" . . . "Me and My Gal" . . . "Don't Sit Under the Apple Tree" . . . Lee Noel, for nine years a member of Newton Kiwanis, transferred to the Waltham Club Bill Sullivan replaces Leo as 1st Vice President. . . . Guests at the meeting were: John Scott, Harry Lodge and Joe Doherty.

## Dining With Jane and Bill

Bill-Jane, have you heard about this-something new rice?

Jane-No, is it interesting? Read it to me.

Bill-Well, it begins like this:

"From India's Coral Strand to Greenland's Icy Mountains might be a title for a story of converted rice. The story begins in India where one ancient method of preparing rice for milling was to steam the grain in the hull. This process caused no particular interest in other countries until nutrition research started commercial rice concerns looking for a way to produce a light colored rice without losing all the natural B-vitamins in the whole grain."

Jane-Yes, I know. All these important vitamins are removed with the outer layer of the grain when the rice is polished. That's why the deficiency disease, beri-beri is common in rice-eating countries. Even though brown rice has more food value, people still seem to prefer the white polished rice. Go on, Bill, what else does it say?

Bill-It seems that shortly before the present war, a British concern, taking a cue from India, developed a method for steaming rice in the hull so that the starch center of the grain would absorb the water-soluble B-vitamin from the outer coat, before drying and milling.

Jane-Ummm-sounds as important as the bread enrichment program. Can we buy this new rice?

Bill-They say that manufacturing of converted rice was begun in Texas in 1940. However, before civilians had much chance to use it, the army took it over so troops stationed from Guam to Greenland are having their share.

Jane-I guess I'll be on the lookout for it. Some of the stores may be carrying it.

## Newton U.S.E.S. Open Wednesday Evenings

The Newton Office of the United States Employment Service at 290 Centre street will remain open Wednesday evening until 9 p. m. starting February 7, 1945. Ralph E. Wight, Manager, announced today.

Leon J. Kowal, Area Director, War Manpower Commission in directing local office managers to keep the offices open one night a week, stated "We have found that a number of persons now in less essential employment are anxious to obtain information about war work and to feel that they cannot afford to take time off from work for this purpose. We feel that by keeping the Employment Office open one evening a week, these people will have the opportunity to come to the office and get the full information on available war jobs. In many instances we can make arrangements for interviews with employers at a time convenient to the applicant and not cause him to lose time and wages from his present job."

At the present time there is an urgent need for thousands of additional workers in Greater Boston Area due to increased production of war goods and the need for replacements for men being inducted into the Armed Forces. While it is possible for women to fill some of the job openings, a great many men are needed. Most of these men will have to come from the less essential industries, the Area Director added.

## NEWS OF OUR MEN—WOMEN IN UNIFORM

E.M. 2-c Raymond J. Keegan, U.S.N., one of four service sons of Michael L. Keegan of 127 Waban street, Newton, is home on a 30-day furlough after 23 months duty in the South Pacific.

Keegan took part in several invasions of Japanese-held Pacific islands, including Saipan. His brothers in the service are Lawrence, in the Navy in the Pacific; Robert, in the Army in Hawaii; and Leo, in the Army in Texas. Their father is a member of the Newton Fire Department, Engine 3.

Pvt. Alan H. Forbes, 60 Amherst road, Waban, has received a certificate signed by his commanding general honoring him for fighting with the Twenty-Ninth Infantry Division from D-Day to St. Lo.

The honor is a personal salute from Maj. Gen. Charles H. Gerhardt to the officers and men who battered their way through flooded areas and the Normandy hedgerows and stormed the key city of St. Lo in a campaign where the taking of every 500 yards was a major battle.

The Army reckons the Normandy fighting as one campaign which entitles participants to one star on their theatre ribbons, but General Gerhardt's certificate recognizes the unusual toughness of the fighting in the early days of the invasion.

## Springfield Mayor Says We Need Closer Ties to Civic Govt.

BOSTON.—Jos. B. Jamieson, president of the Newton Board of Aldermen represented that city at the luncheon given Friday, Feb. 2nd at the Boston City Club, at the opening of the noon talks on civic problems. The lunch meeting sponsored by the Civic Affairs Committee of the Boston City Club heard Mayor J. Albin Anderson, Jr., of Springfield talk on "Bringing the Town Meeting to a Big City."

Anderson recommended that the town meeting system serve as a model for simplification of municipal governments and as an antidote to personal rule. The Springfield Mayor stated that as communities have become larger and their governments more complex, their residents have tried to meet their problems by increasing governmental set-ups. This has resulted in a drift away from the town meeting principle wherein elected officials had to face their citizens in open forum.

"We are drifting," he said, "toward a situation where those citizens are best served by the most efficient and least costly government. Personal government is no better in a democracy than it was under a monarchy and dictatorship, which have been tried before and failed."

Mayor Anderson revealed that his city is now working on a plan whereby the best brains of the community will be brought closer to solving civic problems. "Since those best qualified to solve such problems as public housing or airport development are not always elected to public office," the Springfield Mayor said, "we must try to work out some plan where they can be in a position to advise the city government on the special problems for which they are best fitted." The Springfield plan is to form a non-profit civic corporation financed by industry, business and public-minded citizens, which will employ research consultants and make a report on the facts of problems. These facts will be studied by committees of civic minded persons who will define the issues and make recommendations to the city government on how to solve the problems raised.

At future meetings of the revitalized Boston City Club, speakers will include Volney Hurd of the Christian Science Monitor, Dean James M. Landis of Harvard Law School, and Harry Kendall, president and treasurer of the Kendall Company and a member of the Committee for Economic Development in New England.

The Board of Governors also announced the appointment of Haughton Sanguinetti, 37 Waldorf road, Newton Highlands, as executive secretary of the club. Mr. Sanguinetti, a Boston research consultant assisted in making the survey of the New England recreational industry for the New England Council. He has been a member of the Civic Affairs, Publicity and Philanthropic Committees of the Boston City Club.

Sgt. Henry A. Patrick, U. S. Army Air Forces, son of Mr. and Mrs. Oswald Patrick of 30 Thornton street, Newton, has been promoted to Staff Sergeant. He has been stationed for several months in Greenland and is expected home on a furlough in the near future.

## Springfield Mayor Says We Need Closer Ties to Civic Govt.

BOSTON.—Jos. B. Jamieson, president of the Newton Board of Aldermen represented that city at the luncheon given Friday, Feb. 2nd at the Boston City Club, at the opening of the noon talks on civic problems. The lunch meeting sponsored by the Civic Affairs Committee of the Boston City Club heard Mayor J. Albin Anderson, Jr., of Springfield talk on "Bringing the Town Meeting to a Big City."

Anderson recommended that the town meeting system serve as a model for simplification of municipal governments and as an antidote to personal rule. The Springfield Mayor stated that as communities have become larger and their governments more complex, their residents have tried to meet their problems by increasing governmental set-ups. This has resulted in a drift away from the town meeting principle wherein elected officials had to face their citizens in open forum.

"We are drifting," he said, "toward a situation where those citizens are best served by the most efficient and least costly government. Personal government is no better in a democracy than it was under a monarchy and dictatorship, which have been tried before and failed."

Mayor Anderson revealed that his city is now working on a plan whereby the best brains of the community will be brought closer to solving civic problems. "Since those best qualified to solve such problems as public housing or airport development are not always elected to public office," the Springfield Mayor said, "we must try to work out some plan where they can be in a position to advise the city government on the special problems for which they are best fitted." The Springfield plan is to form a non-profit civic corporation financed by industry, business and public-minded citizens, which will employ research consultants and make a report on the facts of problems. These facts will be studied by committees of civic minded persons who will define the issues and make recommendations to the city government on how to solve the problems raised.

At future meetings of the revitalized Boston City Club, speakers will include Volney Hurd of the Christian Science Monitor, Dean James M. Landis of Harvard Law School, and Harry Kendall, president and treasurer of the Kendall Company and a member of the Committee for Economic Development in New England.

The Board of Governors also announced the appointment of Haughton Sanguinetti, 37 Waldorf road, Newton Highlands, as executive secretary of the club. Mr. Sanguinetti, a Boston research consultant assisted in making the survey of the New England recreational industry for the New England Council. He has been a member of the Civic Affairs, Publicity and Philanthropic Committees of the Boston City Club.

Sgt. Henry A. Patrick, U. S. Army Air Forces, son of Mr. and Mrs. Oswald Patrick of 30 Thornton street, Newton, has been promoted to Staff Sergeant. He has been stationed for several months in Greenland and is expected home on a furlough in the near future.

Newton's quota for the 1945 War Fund is \$170,000, and over 1500 volunteers will assist in the campaign when it begins March 1.

Those who attended the conference from Newton were, Mr. Charles B. Floyd, Chairman 1945 War Fund, Mrs. William L. Young, Mrs. P. Edward Eden, Co-chairmen, Volunteer special services. Mrs. Harry F. Morse, Mrs. Charles E. Spencer, Jr., Chairman in Production, Mrs. B. Alden Thresher, Mrs. Edward Blake, Chairman and Vice Chairman Home Nursing, Mrs. Clifford Mooney, Chairman First Aid, Mrs. Mortimer M. Prescott, Chairman Speakers Bureau, Mrs. Maurice B. ## Boy Scout Sunday Observed at Churches

More than a thousand Newton and Wellesley Boy Scouts and Cub Scouts attended special church services in observance of Boy Scout Sunday February 11th, during Boy Scout Week—Scouting's 35th Anniversary.

Scouts of Catholic Faith took part in a Communion Breakfast and attended Mass and a Vesper Service at Sacred Heart Church, Newton Centre, and Protestant Scouts participated in a Vesper Service in the First Church of Newton, Congregational, in the afternoon. Six Newton Scouts received the Alt. Altare Dei Award from Archbishop Richard J. Cushing at a solemn Vesper Service in the Cathedral of the Holy Cross in Boston.

The Vesp. Reverend Eric F. MacKenzie was host at the Sacred Heart Church, and the Reverend Martin Dolphin, Curate, who is Chaplain for Scouts of Catholic Faith in Norumbega Council, assisted.

## The Faith of a Child

The 1945 version of "the faith of a little child" was observed at the South Station the other day when three-year-old Lance Crummett of Newton, after being given a big farewell hug by his army lieutenant father, looked up into his mother's tearful face and said, "God is going overseas with my daddy, isn't he, Mommy?"

## Rubbish Collections To Be Resumed

To the Citizens of Newton: Regular collections of rubbish which have been interrupted because of the storm will be resumed on Monday, February 19th. Beginning then, the regular routes will be covered on the scheduled days in the same way as if there had been no interruption. Citizens are asked to cooperate and not put rubbish in the streets unless it is the regular day for collection, but in the meantime the Street Department will endeavor to pick up rubbish already in the streets. It will help very materially under the present very unusual situation if no additional rubbish is put out until the regular days for collection.

## Infantile Paralysis Campaign Nets Over \$5700 in Newton

The Infantile Paralysis Campaign closed with an increase of 58% in the contributions from the residents of Newton over the results last year. The final figures for the city are \$5,792.42, which figure may not seem imposing in comparison with totals of other drives held in Newton, unless we realize that this total is made up largely of nickels, dimes, and dollars instead of large amounts.

It was particularly interesting to note that wherever coin collectors were displayed and the store proprietor himself was interested, the results were amazingly good. The personal Book Shop in Newtonville made a particularly good return due entirely to the constant enthusiasm and interest of the personnel together with a very appealing window display of Infantile Paralysis work.

The school children, under the direction of Miss Jane Wyman, principal of the Oak Hill School, increased their contribution more than 50% over last year. Checks totaling approximately \$1,500 were mailed into headquarters from individuals of the city interested in this worthy cause. The Women's Clubs, with the assistance of Miss Adelaide Ball, took a more active interest in the drive and made a substantial contribution. The totals are:

Schools	\$1,356.84
Villages	
West Newton	\$129.49

## War Fund Advanced Gifts Division Meets

Charles B. Floyd, chairman of the 1945 Newton Red Cross War Fund, met with members of the Advanced Gifts Division at a dinner meeting on Thursday evening, February 15, at the Chapter House, when he explained details of the campaign which will start on March 1. "Newton has been asked to raise \$170,000 this year," said Mr. Floyd, "and the Advanced Gifts Division has been given a quota of about 40% of this amount." He said that he was sure that the Division, under the leadership of Henry T. Dunker, chairman, would not only make its quota but would go over the top.

In addition to Mr. Dunker, the Division includes the following Village representatives: Auburndale, John F. Brown, Jr.; Newton, Frederick S. Bacon; Newton Centre, Arthur Rayner; Newton Highlands, Dr. Mark H. Ward; Newtonville, Albert A. Schneider and John S. Whittemore; Oak Hill, Mrs. Robert M. P. Kennard; Waban, J. Earle Parker; West Newton, Charles E. Gibson.

Other guests at the Canteen dinner were Charles Raymond Cabot, Chapter Chairman, and Mrs. Maurice B. Strauss, Chairman of Public Relations. The dinner was served by a Canteen Unit under the direction of Mrs. C. Roy Rook, assisted by Mrs. Edmund Miller, Mrs. Forrest Lange, and Mrs. Simon Grinspoon.

James W. Freely, 23, son of Mrs. Mary Freely, 14 School street, Newton, has been enrolled in the AAF Training Command's aircraft radio mechanics school at Truxa Field, it was announced today by the post commander.

## Scouts Hold Court Of Honor

Norumbega Council Boy Scouts of America held a Council Court of Honor at the Weeks Junior High School, Newton Centre on Tuesday evening, February 13, attended by nearly 450 Scouts and friends.

The program opened with the bugle call "To the Colors" and the Scout Oath led by Scout Commissioner F. Brittain Kennedy. Scout Executive Robert E. Pettit gave the address of welcome. William J. Baxter, member of the executive board, made the Camporee awards as follows: First, Troop 19, Scoutmaster Clarence Fowler; second, Troop 4B, to Scoutmaster Richard F. Schroder; third, Troop 10, to Scoutmaster Edward Michaud. Streamer awards for the salvage campaign were made by assistant Scout Executive Edward Jacot and a training award was made by Walter Howe, Sr. The Air Scout- ing awards were given by Charles A. Breed and Charles Richter made the five-year veteran awards. Rabbi Kalman Friedman of Temple Emanuel, Newton Centre, chaplain for Norumbega scouts of Jewish faith, was the principal speaker. Mr. Baxter led the singing of "Hail Scouting Spirit" and "Taps." James Blackall, advancement chairman of Sackem District, was the marshal and Frank Dowsett, Viking District commissioner, was secretary of the Court.

### Hospital Aid Meeting

The directors of the Newton Hospital Aid Association Inc., met at the Nurses' Home of the hospital Tuesday morning at 10:30 with Mrs. Earle P. Stevenson and Mrs. Warner Eustis as hostesses and Mr. Gerard Hartman, superintendent of the hospital, as guest speaker. Presiding was Mrs. Theron B. Walker, president. Mr. Hartman's resume of the year's work of Newton Hospital presented a full picture of the hospital's accomplishments and aims. It's patient census reached an all-time high, with no deficits in its financial operation, or appreciable shortages in personnel, or lack of needed equipment. Also the enrollment of nurses has grown from 115 in 1943 to 190 today in 1945. 99 per cent are members of the cadet nurse school. The response from graduate nurses has been great. The plant repair has been kept at high standard.

Mr. Hartman thanked the Aid Association for its contributions to the hospital: the Coffee Shop, which in its 18 months of existence, has been a boon to the hospital—its genial atmosphere and splendid service proving one of the best of morale builders; the (Continued on Page 7)

### Snow Removal Well Handled by St. Dept.

Despite the most severe snow storm of the winter which began early last Thursday forenoon and continued on through the night with the high wind piling up drifts several feet in height, Street Commissioner Haughey with the 300 employees of the Street Department, working continuously for 29 hours up to 6 p.m. Friday night, succeeded in opening up nearly all of the main highways in the city.

Following a well earned rest of 6 hours the employees resumed work at midnight. In many instances cars which had been stalled interfered with the work of snow plows, and was moved by the snow plow crews before further progress could be made in their work. The breaking down of equipment, particularly of trucks, also retarded the work in many instances and shortage of help was another problem for although the street department was willing to hire any man who wanted a job, about the only help they could secure were boys of high school age, the schools having been closed for the day due to the severity of the storm.

Many commuters were stranded at bus terminals throughout the city Thursday night and many others were unable to get any kind of transportation from Boston to their homes. Bus service and train service was badly crippled but service was practically back to normal by early Friday evening.

Fortunately there were few alarms of fire. Deliveries of coal and oil were held up and at police headquarters many calls were received by residents appealing for help to secure deliveries of these two vital necessities. The street department also was swamped with emergency calls although they were doing all humanly possible to clear the streets. Haughey estimated that 98 percent of the (Continued on Page 7)

## Lt. O'Connell Wounded At Bastogne

Lt. Robert P. O'Connell, 23, a paratrooper with the 101st Airborne Division, known as the Screaming Eagles, was wounded in the siege of Bastogne on December 26th and is hospitalized in England. He is the son of Mrs. Maurice R. O'Connell of 65 Hartford street, Newton Highlands, and the late Maurice R. O'Connell, Captain of Infantry in World War I.

Lt. O'Connell enlisted on July 17, 1942 and trained at Camp Gruber, Oklahoma, where he was promoted to Sergeant. He was appointed to the Infantry Officer Candidate School at Ft. Benning, Ga., from which he graduated and was commissioned on August 23, 1943. He was then assigned to Officers School at Camp Wheeler, Ga., where he was an instructor.

In March 1944 he volunteered as a paratrooper and after special training in the Parachute School received his certificate as a Qualified Parachutist on April 22, 1944. In August 1944 he left for overseas and was stationed in England. He was in the invasion (Continued on Page 7)

### Mother Receives Decorations For Son Killed in England

Presentation of the Distinguished Flying Cross and an Air Medal with Three Oak Leaf Clusters was made on Monday morning at the Logan Airport, East Boston, to Mrs. Marguerite G. Goethel of 60 Greenwood avenue, West Newton, for her son, First Lt. Karl J. Goethel, who was killed in an accident in England on September 12, 1944. The presentation was made by Capt. L. W. Lawson. Lt. Goethel was a pilot of a P-38 Lightning fighter plane. He had previously been shot down over Germany and escaping capture made his way back to England after two months where he met his brother, Lt. John D. Goethel, also of the Air Forces, at a Red Cross Club in London. (Continued on Page 7)

## Operates Testing Unit In Italy

AIR DEPOT GROUP, 15TH AIR FORCE SERVICE COMMAND, Italy—There is little resemblance between a street car and a Cetrac, but they both get people to work.

Over here, when the mud is deep, hydraulic specialists put their

equipment on a flat, jump on, and the Cetrac tows them out to their assigned bomber.

"We make inspections on every ship that comes in here," said Sergeant Joseph F. Biziak, of Newton Lower Falls, "from landing-gears to gun-turrets. And all of the equipment necessary for testing and making repairs is right here. We call it a portable hydraulic testing unit."

Sergeant Biziak works with Staff Sergeant Donald H. Johnson, of Crystal City, Texas, and Sergeant Herbert W. Thomas, of Newport, Ohio. When the bombers come in with their hydraulic systems shot out, these are the men who take over.

### Nearly 24,000 Telephones In Newton Area

In the area that includes the Newton exchanges there are today approximately 23,800 telephones in service, more than at any other time in history.

Yet, if it were not for wartime shortages and restrictions which still prevent prompt installation of all new telephones requested the number of working telephones in the area would be higher by five hundred.

That figure, according to E. J. Campbell, manager of the New England Telephone and Telegraph Company, represents the latest count of unfilled orders on the waiting list in the area.

As pretty generally known, this situation is not peculiar to the exchanges of this locality. It exists in practically every community in the United States.

Illustrating the national situation, the Bell Telephone System, which includes companies operating most of the telephones in all parts of the country, has at present 1,600,000 unfilled orders for service.

This count, includes 87,000 in the New England Company, which

operates most of the exchanges in all New England states except Connecticut. Of the 87,000, Maine has about 9,100, Massachusetts 58,000, New Hampshire 6,200, Rhode Island 11,000, and Vermont 2,700. The national situation as well as that in any locality is due to the lack of telephone facilities. These facilities include everything that goes into a telephone system, principally telephone instruments, central office switching apparatus and many items of associated equipment, and outside wires and cables.

The lack of these things is due in turn to the diversion to war needs of manpower, materials, and manufacturing space that would be required for new telephone facilities. For example, the Bell System's Western Electric Company, largest telephone manufacturing organization in the world, is currently using practically all of its personnel and production facilities in making the huge quantities of communications equipment needed by the armed forces.

Not all kinds of telephone facilities are lacking in every exchange, but common to all exchanges is the lack of telephone instruments. In many localities, however, the lack of either central office equipment or outside wires and cables, or both, is a major reason for unfilled orders.

In the Bigelow-Decatur-Lasell exchanges the inability to install all telephones promptly arises principally from the lack of sufficient telephone instruments. Except for

telephones essential to the war and public welfare, which are installed promptly, the installation of new service depends upon room being made by removal of service for existing users.

When telephone facilities will become plentiful is as unpredictable as when the war will end, according to Mr. Campbell. While the manufacture of telephone instruments on a limited scale has been resumed by permission of the W.P.R., he said that the return of what might be called normal conditions will most likely be a long time coming. In the meantime, he added, his company's most important objective is to continue to utilize every part of telephone plant to its fullest capacity and to distribute the use of existing facilities among the largest possible group of users.

## Politics With Color

### Drs. Minot and Mullins

Two distinguished political physicians, prominent in the management of the Boston Herald, Messrs. George E. Minot, Managing Editor and William E. Mullins, political expert, have recently prescribed for the ills of the Republican party in state and nation.

Last Sunday Mr. Minot led off with a profoundly interesting article, stressing the need for G. O. P. leadership, unity within the party and a constructive party platform. He makes the flat statement that "The Republicans had no leadership in 1944. Twenty million Americans may have voted the Republican ticket, but it is safe to say that a great many, some say a majority were voting AGAINST Mr. Dewey."

Mr. Minot proceeds to remind us that the G.O.P. was split up into groups which, on the one hand, opposed everything which bore the New Deal label and, on the other hand, which appeared to be in tune with the Democrats and promising that they would carry on many of the fundamental New Deal Policies.

Most striking of all, however, is his bitter attack on the Republican members of Congress. He refers to Aug. 12, 1941, (less than four months before Pearl Harbor) and recalls that 133 out of 154 Republicans voted AGAINST the war extension service bill, otherwise known as the draft law. This measure passed by the narrow margin of one vote, 203 to 202. Only 21 Republicans voted for it, as did 182 Democrats. Those who opposed this law included the 133 Republicans, 65 Democrats and four minor party members.

Here is the record of our own Massachusetts Congressmen: — Reps. Bates, Rogers and Wigwagsworth, (veteran of World War I) voted FOR the law and all the others, Reps. Clason, Gifford, Holmes, Martin, Tinkham and Treadway voted AGAINST. Please note Martin's vote and remember that he is the minority leader in the House of Representatives. We will skip the Democrats, as they split, three to three and only McCormack is currently in Congress.

Add to the above the G.O.P. record on repeal of the arms embargo, lend-lease and several other vital legislative matters and you can see Mr. Minot's point quite clearly. The independent voter will be pardoned if he assumes that the G. O. P. has been chiefly a party of consistent and persistent opposition to anything and everything which Mr. Roosevelt has ever favored. Why should the average independent voter be intrigued by that type of performance?

There is one happy note in the Minot analysis. He is heartened by the large number of progressive Governors throughout the nation who are Republicans. He sees tremendous power in the G.O.P. provided it is properly harnessed. We want the party to focus its attention toward localized governmental power. Finally, he praises the great majority of Republican leaders in this state and states that all but Martin and former Senator Lodge were united for months before Pearl Harbor in "urging a policy of allied cooperation." He praises our Lt. Governor, Robert F. Bradford, especially for his activities in 1943, prior to the Mackinac Island conference. He also says some very nice things about Michigan's Senator, Arthur H. Vandenberg, whom he labels as "the party's most forthright spokesman in the field of foreign affairs."

Turn now to Mr. Mullins, political expert extraordinary, likewise of the Boston Herald. On the day following the Minot article Mullins comes to bat with a piece entitled, "G.O.P. needs full-time Press Agent." It is not clear whether or not Mr. Mullins is currently grooming himself for this important post. The gist of the Mullins program may be gleaned from the following paragraph: "My idea has been to engage the services of a personable operator who combines a slight flair for public speaking with a capacity to express his thoughts in writing. He should be installed on a permanent basis with a good salary as a glorified public relations man with the assignment of getting in to print and on the radio favorable mention of Republicans and their party where such mention otherwise would not appear. His services as a press agent should be made available also for minor party organizations all over the state."

He points up his suggestion by referring to the fact that it was a full week AFTER Gov. Tobin made a few sour appointments that Lt. Governor Bradford swung into action PUBLICLY. If the G.O.P. had a regular press agent, it is conceivable that the Tobin appointments would have been more amicably criticized on the following day. Personally, I doubt if it would have made very much difference in this particular instance. The Governor left nothing to chance when he left the state prior to the confirming action of the Democratic-controlled Governor's Council.

Mullins' parting shot at the current administration on Beacon Hill was a honey. Listen, "—this administration is largely composed of a gang of dressed-up Jim Curleys, only not so acceptable as Curley is, because he never engaged in any hypocritical and pious breast-beating about being high-minded and considerate. When he slugged there was no plumb mitten on it and he didn't keep repeating, 'Sorry.'"

A cart loaded with grain lost a wheel while being driven into Centre place to Mr. Brackett's feed store, Wednesday morning, and in the overturn most of the grain was lost in the mud. — ed note: Newton Post Office and Newton Graphic office now located on same land.

A busy year is in store for this year's Wellesley town officials. The tax payers appeal for electric lights, a better equipped fire department, the police department strengthened and many minor improvements. There is one way to remedy it and that is to raise the tax rate to meet these expenditures.

It is stated about \$25,000 will be expended when the streets of Waban are completed.

It is said that the Graphic has done more for the village (Nonantum) than all the petitions that ever went to City Hall, by stating plainly to the public what our needs are and the way we have been neglected over here.

The Newton Letter Carriers' Mutual Benefit Association will give its second grand ball in Armory Hall Wednesday evening. The music will be furnished by Park's orchestra and a gala time is expected. The Association was organized in January 1894.

There is a good deal of talk of placing an office in charge of the matters that this is one of the matters that will probably receive the attention of the police committee at an early date.

The carhouse of the Newton & Boston Street Railway Company on Walnut street, Newtonville, was completely destroyed by fire Wednesday evening, together with 9 cars and a large quantity of electrical equipment. The building was erected about three years ago, at a cost of \$12,000. The total loss on building and contents is about \$30,000. The company will rebuild at once.

### Red Cross Exceeds Blood Quota For Fourth Straight Year

5,000,000 Additional Pints  
Requested

Exceeding its quota for the fourth straight year, the American Red Cross Blood Donor Service in 1944 procured 5,371,664 pints of blood for the armed forces, or 371,664 pints more than its estimated requirements; it was announced today by Basil O'Connor, Red Cross national chairman. The 1944 record represents an average of ten pints of blood a minute, day and night throughout the year, and brings to 11,024,015 pints the total amount procured since the inception of the project in February 1941, Mr. O'Connor said. He said that the Army and Navy have requested the Red Cross to continue procurement in 1945 at the present rate of 5,000,000 pints a year.

Commenting upon this statement Mrs. C. Terry Collins, chairman of Blood Donor Service for New England, said, "We in Newton are proud of the part we have played in this important program. Since 1941, we have donated over 4000 pints of blood through the Boston Collection Center. Despite this fine record, we must not let down as the need for plasma and the 'Type O' whole blood is greater than ever before."

Appointments can be made by telephoning Lasell 6000, and transportation to and from Boston is given by the Motor Corps every Monday at one o'clock.

## THE YANKEE KITCHEN

with Ken and Carolyn

Monday

To-day, we have a report about the prison camps in which some of our men are held in Germany and Japan. Carolyn represented a mother at the meeting Sunday where the Red Cross brought these repatriated men to talk to the next of kin of prisoners of war.

They are fine men and they bring reports of American men who will not be depressed nor defeated. They bring reports of a high morale that touches us all and makes us proud. Food is pretty scarce in all these camps. But the Red Cross packages get through to Germany and the men keep well and healthy with them. This is not true of the Japs who are not kind enough to allow enough Red Cross relief packages to come through another reminder that this war will not be won when only Germany admits her defeat.

We pass along to you the information about what these men need for us to send them in case you have a prisoner you want to come forth. We need concentrated chocolate, underwear, and most important of all, vitamin pills or capsules. Those are vital.

Every small thing we can do to help shorten this war, we are doing. Every day, we are reminding you Yankee Kitchen to save their waste paper—even wastebasket paper. Please believe this is necessary. And if your waste paper is not being collected, let us know and we will arrange for it to be done. Write Ken and Carolyn, Yankee Kitchen, Boston, 15.

Yankees are a thrifty people and saving comes as naturally to us as good cooking. Our guest today is Martha Logan from Swift & Company in Chicago. We tell Martha about our own famous Pan Dowdy, which is new to her. In Maine, there is a legend that Eve baked the first Pan Dowdy and that is why Adam lost his heart to her and good Yankee cooks have been winning ever since with their Pan Dowdies. And we tell Martha about Pan Dowdy's little brother, Apple Grunt and Pan Dowdy's little sister, Apple Slump.

Martha, not to be outdone, comes right back with Snowy Cream Frosting. She gives us a recipe for a cream half cup of Bland Lard thoroughly, add a half teaspoon of salt and a half teaspoon of vanilla. Then add gradually, two and a quarter cups of sifted, powdered sugar and last, three tablespoons of milk. Beat until it is smooth and creamy.

We tasted this frosting on a fine cake Martha made for us and it is delicious. This frosting, she assures us, will keep a long time in a covered bowl and is handy to keep made up. We agree.

To-day, we have a Distinguished Guest. Her name is Louise Morgan and you hear her every morning from 8:30 to 9 o'clock on station WNAE. Louise is one of our favorite people, pretty, clever and just dined nice. Louise has had an interesting career before she ever got tempted into radio. She told us of her trip to Russia and the fabulous marble subway stations, each a different pastel color and of the timid old ladies who were scared of the escalators—the only way to get into or out of the Moscow subways.

And we were impressed along with all the other folks in the Yankee Kitchen to know that our own Louise Morgan was the dramatic teacher who trained Margaret Lindsay and that their voices are so much alike that when Louise interviewed Margaret on her radio program, even the engineers couldn't tell their voices apart!

Louise likes to cook and so we were happy to present her with a copy of Recipe Magic, that textbook on cooking with herbs—and a mighty fine cookbook too! It was the first copy given away and we are happy to announce to all Yankee Kitchen-ers that we have arranged with Mrs. Winter, chatelaine of the House of Herbs, to give each person who wants it a copy of Recipe Magic for a limited time.

We want everybody to have it because we know what magic is in its pages and you will know too when you look it over!

Wednesday

To-day, we have a brand new trick up our sleeve. We have a Warren, Rhode Island. You melt half a tablespoon of Dixie Margarine in a saucepan, add one word of a cup of currant jelly. When the jelly is melted add a half cup of water and add a few grains of cayenne pepper, a quarter of a cup of sherry and a cup of shredded ham. Let it all simmer for five minutes and serve it on little rounds of toast or on croutons.

Alto Wood is with us to-day to answer questions for people. We learn to our sorrow that it is not practical to try to grow watercress unless you really have a brook or a running stream—even our Hy-Trous cannot manage that miracle. We also learn unhappily, that poison ivy is just as virulent in winter as in summer and even harder to dig up when the ground is frozen. But we learn of the virtues of Hy-Trous for gloxinia bulbs and rose bushes and discover that geraniums don't like too much water or sunshine when in bloom.

Thursday

No guests to-day—just Ken and Carolyn—and thinking so much of things we can do for our boys overseas. Mrs. Stevens in Hartford is trying hard to find a chromatic harmonica for her boy. We appeal to all you people if you know where we can get one, to let us know. Ken explains that a chromatic harmonica is not the ordinary kind of harmonica we buy for fifty cents and give our children. It is a fancy affair with a little gadget on the side that changes keys or something. Anyhow it's a real musical instrument and Mrs. Stevens will gladly pay for it. We think any chap in a foxhole who feels like playing a chromatic harmonica has one.

And we think of overseas packages going out and we hope you've found our Sell's Liver Pat to tuck

in along with those Maggi's Bouillon Cubes you are sending. According to reports received already by V-Mail from the boys who have got them, they're very popular.

Ken guesses that the great Allied offensive may go through Bonn and he tells us all something about that beautiful city where he stayed for a while in 1933. It is an ancient city, fortified by the Romans under Augustus Caesar and in the Province of Bonn is Bonn and the University of Bonn is housed in the Palace of the Archbishops of Cologne who governed from Bonn for five centuries. These Electors of Bonn were powerful, elected from the Princes of Germany and Rome.

But to music lovers, Ken says, Bonn is loved because Beethoven was born there. His grandfather had been conductor of the Electors' Orchestra and his father had been a Court singer. Young Ludwig was a child prodigy, and he faster lied about his age so much that there is some doubt as to when he actually was born. But it was in Rome and Beethoven's shrine is there—a little attic room with a collection of hearing aids—one of the most pathetic sights in the world.

Carolyn curiously asks about the atmosphere of Bonn and we hear that the houses are very old and Ken lived in a house that was nine hundred years old, with thick walls, finely polished floors and small windows. That the women take great pride in their cooking as we do and it is simple, rugged fare. Carolyn asks how they dress and we hear that they wear simple, practical clothes that he saw few permanents, no bright lipstick or giddy nail polish—the women wear white cotton stockings and wouldn't dream of discussing politics or business.

Friday  
The world is very beautiful after the great storm of last night and we arrive at our office done up in boots and sweaters and wishing we could go out and shovel snow instead of working. Spring seems far away but we don't mind but we are suddenly laughing when we remember that we had asked George Graves to discuss rock gardens with us to-day. George does discuss them and when we think that it is a bit discouraging to think of a rock garden in the snowdrifts to hunt for the rocks, George shocks us by telling us that rocks are not essential to a rock garden at all!

He explains that to him a rock garden is a pleasing assemblage of alpine plants or at least, plants of small stature. That Nature never intended one rock to balance on another and that rocks should be used only to give the plants more congenial environmental conditions. But that many groups of alpine plants do nicely without a rock in sight.

We think that's news and rather shocking, so leave quietly. Have a good week-end and so, everybody.

Ed. Note: Listen to the Yankee Kitchen with Ken and Carolyn on Station WNAE Monday through Fridays at 2:15 P. M.

### Scout Sunday -

(Continued from Page 1)

Council President James C. Walton introduced the Rev. Father McGrath, pastor of St. Francis, as the principal speaker at the breakfast. Father McGrath, who recently returned from China, told of Chinese Scouting in the Orient, and lauded the devotion to duty and Scouting's ideals of the Chinese Boy Scout.

The significance of the 12th part of the Scout Law, "A Scout is Reverent" was the theme of the sermon by the Rev. Randolph S. Merrill, Pastor of the Central Congregational Church, Newtonville. Mr. Merrill stated that reverence should come from within. He said the Scout is reverent to God and Church, to others and to himself. A prayer and tribute was made for William Dillaway, former Scout and Scouter of Norumbega, who lost his life in England recently, and to all former Scouts and Scouters serving in the Armed Forces throughout the world.

A Scout and Scouter Choir under the direction of William J. Baxter, took part in the program. Eagle Scout Gary Cummings, Jr., led the pledge of allegiance as the colors were massed in the Chancel by the Troops and Packs present. Scout Commissioner F. Brittain Kennedy led the Scout Oath, and Scout Executive Robert E. Pettit led the reading of the Scout Law Litany. Harold E. Kenney was Marshall for the service, assisted by the men and Scouts of Troop 19. Scout Buglers of Troop 83, Wellesley, and Robert Farnham, Troop 16, Newtonville gave the "Church Call" at the start of the service. The offering was divided between the American Red Cross and the Chaplain's Fund.

Newton Scouts who received the Ad Altare Dei Award were John Murray, John Skehan, George Culin, Philip McKay, Dennis M. Cronin, and Robert Quinn. All Scouts and Scouters of Newton and Wellesley are cordially invited to attend the Scout Week Observance Jewish Service to be held Friday, February 16th, 8 p.m., at Temple Emanuel, Warrenton street, Newton Centre. District Commissioner Edward Cohen will preach the sermon and Scouts of Troop 17 will conduct the Service.

## FLOWER LOVERS

## REJUVENATE THE FLOWER GARDEN THIS YEAR

MANY OLD-TIMER GROWERS of flowers for home use set aside their garden areas in 1943 and 1944 for VICTORY GARDENS.

THIS WAS A NOBLE ACT and it helped the War Effort for without our VICTORY GARDENS the food problem would have been really acute these past years.

MANY HAVE LEARNED that flowers not only bolster the morale of the ill but also those in good health and therefore found some spare garden area for flowers.

THIS CAN BE DONE again this year. So now is the time to PLAN YOUR FLOWER GARDEN space and to order your seeds.

FOLLOWING OUR USUAL CUSTOM we have discarded ALL of our OLD FLOWER SEEDS or we have bulked them in our WILD GARDEN MIXTURE. We present a package gratis to every customer asking for them. ASK FOR YOURS WHEN YOU CALL.

STARTING WITH A 100% NEW Flower Seed Crop we can assure you of good virile seeds which will grow true to named strain.

ASK MR. HOWDEN to assist you if you have some seed or growing problems.

## Dining With Jane and Bill

BILL: Boy, does that roast lamb smell good! This is when serving is a pleasure.

JANE: I thought you'd like carving tonight. I got the butcher to remove the shoulder bones, and roll the meat. We'll have vegetable stew tomorrow night from the bones.

BILL: Well, but it can't taste any better than this.

JANE: Guess you like the flavor of the curry I rubbed into it with the usual salt and pepper.

BILL: Funny thing, I came home with Mac tonight and he said Midge can hardly get any meat because she has to use so many red points for butter. I told him that you seemed to get along all right.

JUNIOR: Mother doesn't buy butter!

BILL: You get some butter don't you Jane? I know you use something else for cooking sometimes.

JANE: That's oleomargarine you are using on your bread.

BILL: Well, you fooled me!

JANE: I didn't intend to—but I wouldn't have enough points for meat and cheese with butter at twenty-four points a pound. Oleo is only three points a pound, and it costs only half as much as butter.

BILL: I don't see then why people crab about oleo. Nothing the matter with this. Looks like butter, tastes like butter.

JUNIOR: It's oleo, ha! ha! Mum let me help her color it too.

JANE: I guess some people think butter is better for you.

BILL: Well, I suppose they are right.

JANE: No they aren't Bill! Remember the nutrition course I took last fall? The instructor said all fats were equally rich; that is, they all had about the same number of calories—bacon fat, lard, olive oil, butter, any fat you could name.

BILL: That means any fat is just as good as butter?

JANE: Not quite. Butter and oleomargarine contain vitamin A.

JUNIOR: That's the vitamin aviators have to have.

JANE: Yes, and all the rest of us too. Almost all oleomargarine has vitamin A added to it today. You can tell by looking on the package. That makes it as good as butter.

organizations on a voluntary basis, but retain complete local autonomy, he said.

The average initiation fee is \$5, though in cases of highly skilled crafts the fee is higher, he stated. The average dues are \$1 to \$5 a month, but in many cases this includes pension and other benefits so that the dues may be actually 25 cents a month, according to Mr. Wilkinson. Though 25 per cent of the membership are in the armed services, there is a 25 per cent increase in total membership, or a gross increase of 50 per cent in new members, he said. The Federation is opposed to federalization of business and industry as management, he said.

A plea for furniture for the new headquarters of the Air Scout Troop, sponsored by the club, was made by Dr. Everett Pierce.

Former State Representative William Baker, chairman of the Newton War Price and Rationing Board, will be the speaker at the next meeting of the club.

## "Y" TO HOLD ANNUAL OPEN HOUSE

The principal reason for the failure to connect after war illness with their service was: 1st. Lack of documentary proof. 2nd. Inability to locate medical officers who could make an affidavit as to your illness or injury.

No member of the Armed Services has to worry about the rest of his family while he is in the service. Medical care will be taken care of if they cannot afford it.

We have placed before the proper authorities, a suggestion for a Post Civic Centre, including a medical centre which will undoubtedly be of much benefit and service to Veterans of World War II as well as a great asset to all citizens of Newton at large.

If the proposed Medical Centre should come into being, we can assure you "Battle Frontiers" that on your return to civil life your physical welfare will be taken care of in your own home town.

## FAREWELL DINNER IN HONOR OF JOHN BERNARDI

Resigning after 20 years of continuous service, golf professional John Bernardi of the Charles River Country Club, Newton Centre, was tendered a farewell dinner Feb. 7, at the club house by nearly 100 members.

President Harry H. Kay was toastmaster and Orville Forte presented Bernardi a purse of money contributed by the guests. Henri Prunaret, chairman of the dinner committee, and Eric Bianchi, chairman of the golf committee, were in charge of arrangements.

Your discharge is the most valuable paper that you can own; you will need it for benefits, work, study, and all things connected with the service. This paper should be photostated and the original kept in a vault.

Now as to the Medical End. All who return home with any complaint at all, those who have been wounded or not, now feeling below par for any reason, should come in and have a medical check up, and your symptoms recorded. This examination is of your own free will, it will be done by appointment in my own home and advice will be given you. This is of course gratis by the Committee. We advise that you permit us to photostat your medical record and have it placed with the copy of your discharge paper.

We, knowing the futile efforts of veterans of World War I to procure compensation for chronic illness which unexpectedly developed after discharge, want to be sure that you as a veteran of this war are properly advised so that you will be protected in such a contingency after this conflict has ended.

## Newton Merry-Go-Round

By Paul Considine

If mail from home is a bit tardy in reaching you ladies and gents overseas, don't worry too much about it just now, for the chances are that your favorite correspondent is probably still shoveling through snow drifts, so's to reach the corner mail box. Ol' Man Winter certainly caught up with the Garden City this year and no foolin'. The Saint Valentine's Day blizzard of a few years ago, which many of you doubtless remember, had nothing on what came our way last Thursday morning. For about nineteen hours, high winds and heavy blinding snow thwarted every effort of snow fighters here, finally resulting in a complete breakdown of practically all traffic and transportation lines.

Bus service in Newton was off schedule from early evening and trolleys to and from Boston were delayed for hours because of stalled automobiles on the rails and drifting snow. Trolley service broke down completely in the late evening when two outboard cars became derailed outside the Kenmore Square subway entrance. Thousands of commuters and celebrators were stranded in the Big City as a result, with hotel lobbies subway stations and railway terminals serving as shelters until morning.

**STREETS BLOCKED . . .**  
Almost every street in the city had its quota of abandoned cars. The growing broodhood of operators who choose to drive automobiles in deep snow without chains just locked 'em up and left them where they stalled. This was one of the reasons so many streets were still closed to traffic for days after the storm. The City's Highway Department, operating under the direction of Street Commissioner John Haughey, had ample equipment on the streets—plow-gallions and tractors—to keep traffic lanes open and would have turned in it's usual efficient job, but for the above mentioned improperly equipped vehicles.

Chief John L. Keating of the Fire Department and his aides had their anxious hours, too. So many streets were sealed by snow and abandoned cars that a fire on one of them would have been diffi-

cult to reach and might very well have resulted in tragedy. It's all over now, however, and all's well than ends well. Now everybody's sitting back awaiting the next one of the nine storms the weatherman says we'll have before spring.

## Newton Has Postwar Ideas - 28,449 of Them

There should be at least 28,449 suggestions about ways to improve the postwar world floating around Newton, just waiting for some one to dig them out and use them.

That's the opinion of Ezra S. Taylor, of University director of The Pullman Company's suggestion system, who said the figure was passed on the number of workers in the city, according to the U. S. census. The figure represents one suggestion for each worker.

Taylor said Pullman records show the company can expect an average of one suggestion a year from each of its 35,000 employees, all dealing with ways to improve operating efficiency or improve service. He figures workers in this city should do as well or better.

## Newton Lions Club

Colonel Elton Titus, U. S. A. Commanding Officer of the Waltham Regional Hospital was the guest speaker at the Newton Lions Club last week, where, in the face of the severe storm, a large attendance of Lions was on hand.

Colonel Titus, who formerly was in charge of a Camp Hospital in France, described the physical arrangement of the large new hospital of which he is in charge and which was officially opened July 22 of last year. The Hospital is located on over 90 acres of land and consists of 43 buildings of semi-permanent construction, all connected by covered corridors of almost a mile in length. At present there are about 450 patients and a staff of a like number.

Another interesting observation made by the Colonel was that the Hospital had just welcomed its first contingent of Cadet Nurses, which prompted him to mention the great need for more nurses throughout the Country, so that the returning men could be given proper care in their fight back to health.

At the conclusion of his talk, when asked by the members of the Club, what the Newton Lions could do for the Hospital, Col. Titus replied, "We need a couple of high chairs," for we also have babies at the hospital. The Club voted to donate the two chairs and they're on the way.

President Richard Fennelly presided at the meeting and the speaker was introduced by Program Director Charles Hall.

Secretary Austin W. Flint reported on the meeting of the Board of Directors which was held in connection with matters of Sea Scout Ship 13 which is sponsored by the Lions and of which Asa Hakeslee is Troop Chairman.

President Richard Fennelly presided at the meeting and the speaker was introduced by Program Director Charles Hall.

## Here is a Message and a Promise to You Who are Waiting for a Telephone

BECAUSE the very lives of our fighting men depend on our giving them practically all the telephone equipment that can be made, thousands of civilians in all parts of the country who want service must wait.

How long? We wish we could tell you.

Meanwhile, we are providing facilities as they become available to those most in need, in accordance with government regulations set up to apportion service in the fairest way.

For example, preference is given where certain conditions of illness are verified by the attending physician, and under certain circumstances

preference is given to wives of men away from home in the armed forces.

Of course service is provided immediately in cases where public health, safety and welfare are involved. None so qualified has had to wait for a telephone.

From time to time the War Production Board has modified these regulations, and the scope of the preference list has become somewhat broader. We intend to keep those on the waiting list posted periodically on such changes, and we'd like to have them keep us posted on changes in their own circumstances which would alter their status under these regulations.

Here is Our Promise:

Your application will not be forgotten or overlooked. It will be filled at the earliest possible time in its proper turn.

### NEWTON KIWANIS CLUB

Wallace G. Strathern, Director of Sales Training for the New England Coke Company, gave an unusually informative talk before the Newton Kiwanis Club, Wednesday noon, at the YMCA. Mr. Strathern has trained over one thousand fuel dealers and salesmen in the art of salesmanship, during the past two years and his subject, "Individual Post War Planning," was timely and well received by the assembled Kiwanians.

The need and value of sales training in business and every day contacts was stressed by the speaker with suggestions for constructive, easy-to-take methods of self improvement for the individual and groups. Mr. Strathern, who occasionally has a bit of difficulty in obtaining breakfast, told of an experience, recently, while waiting to be served in a nearby restaurant. The waitresses paid him no attention, he said, and although a kindly, patient man as a rule, the Director of Sales Training began to rise within him as the minutes ticked on. The girls' discussion of their experience the previous evening, while he hungrily awaited their pleasure, he pointed out as bad business procedure.

He was about to mention this, he added, when the door flew open and a little man, the proprietor, barged in raging, "I leave the place for ten minutes," he screamed at the girls, "and you're too lazy to wait on one LOUIS customer!"

The Director of Sales Training was horrified, according to Mr. Strathern.

### PAYROLLS IN 1944 SHOW INCREASE

The number of persons employed in Newton manufacturing plants in December, was 6,462, a drop of 1,323, or 17 per cent, from the number in the corresponding month of the preceding year, which was 7,785, according to a bulletin issued today by the Chamber of Commerce.

At the same time, the total payroll increased 24 per cent, from \$1,098,444 to \$1,126,645.

The amount of payrolls for the year 1944 was \$13,072,034, an increase of \$445,815 over that of the preceding year, when the figures were \$12,626,219.

The bulletin reads: "The State average on employment for December 1944 was 10% less than December 1943; Newton was 17% less for the same month. The amount paid in wages in the State for December 1944 was 5.7% less than the amount paid in December 1943; Newton was 2 1/2% greater for the same month."

"While employment has been gradually decreasing the past year the average weekly earnings have increased from \$32.56 a year ago to \$40.16 at the present time with the result that total payrolls are running about the same as a year ago."

### BOARD WILL ELECT ALDERMAN

William W. Tripp, Jr., of 110 Middlesex road, Chestnut Hill, is slated for election as alderman-at-large by the Newton Board of Aldermen, which will meet Tuesday, February 14, at 7:30 p.m., at the City Hall.

The election will take place at the next meeting of the Board of Aldermen, which was elected to the State Legislature last fall.

He was with the First Boston Corporation up to 1937; manager from 1935-1937, and joined the Preston, Moss & Co. in 1937. He is treasurer, Church of the Redeemer, Chestnut Hill, treasurer of the Church Home Society, and member of the Board of Governors, of the Longwood Cricket Club.

Tripp was active in the Republican finance campaigns in 1936-1944, and in Red Cross Salvation Army and United War Fund Drives. He is also a member of the Children's Hospital work squad, and is an administrator and trustee.

Village quotas for the coming War Fund drive have been announced by Charles B. Floyd, chairman of the Newton Red Cross 1945 Campaign, as shown above.

"The Village allocations are, essentially, the same as last year," said Mr. Floyd, "and I feel sure that our citizens will respond with their usual overwhelming generosity, knowing that a large portion of the money they give to Red Cross will be used for the men and women who are serving in uniform for us."

The enthusiastic hard work of a small army of volunteers is setting the pace for the drive. They are busy at the two War Fund Headquarters, 92 Union street, Newton Centre, and 829 Washington street, Newtonville—assembly workers' kits, counting material and supplies, and arranging pledge cards so that the 1500 volunteer solicitors will have all necessary data on hand when the drive begins on March 1.

These are the workers behind the scenes, and the machine is working order and who formed the solid backbone of the War Fund drive.

### Sports in a Nutshell

By Bill Sullivan

Newton High came thru Saturday Feb. 10 to win the track meet easily with 30 1/2 points to Medford's 23 1/2 points, which finished second. Latin Tech, Boston Tech 12 1/2, Malden 12 1/2, English 12, Rindge Tech 6, Brookline 4 1/2, Somerville 1, Trade 1/2, Memorial 4 1/2. Scoring at least 2 points in every event Newton won its fifth title in 10 years with two seconds and a third in other years. Fred Gould finished with 29.9s time in the 1000 yard run. Guy Cogswell in the running high jump, John Morrissey second in the standing broad jump and the relay team of DeAngelis, Bolster, Quint and Cahill finished second with 29.9s time. Cogswell finished third in the 45 yard hurdles.

With such a well balanced team Newton was able to pile up point after point.

They scored 2 in the dash, 2 in the hurdles, 2 in the 300 yard run, 2 in the 600, 2 in the 1000, 5 in the shot put, 3 in the standing broad jump, 2 in the running high jump and 4 1/2 in the relay race. This Newton track team sure set a pace for Medford and showed they were the class of this meet and proved again by winning the Massachusetts State Class A meet that they are real champions.

Newton could not hold up Saturday Feb. 3, and Statham scored the only goal for Newton in the third period. Medford defeated Rindge 3-1 to hold second place, Melrose beat Belmont 4-3, and Arlington beat Cambridge Latin 5-2. Saturday 10 Medford beat Newton 2-0. Newton held Medford in the first period with both teams right on their toes all the way but Medford got a break in the second period when Brennan's low shot skinned through for a goal with Newton two men short. In the third period with Dave Crafts off for interference, Joe DiBrase of Medford shot a twenty foot goal for the final score.

Statham had to go all the way to beat Rindge 3-1. Kelly scoring two goals and having an assist passing Jack Garrity's last year's mark. Kelly now has 28 points. Melrose and Cambridge Latin played a 5 to 5 tie, each team scored three times in the first period, neither could score in the second and it looked like Cambridge when they scored twice in the third, only to have Melrose come thru with two to tie it up. The Newton Bruins beat the Toronto Maple Leafs 4-2 in Toronto Saturday night Feb. 3. Hamilton scored the first goal for Toronto in the first period, Cain coming

right back to tie it up on an assist from Clapper. Ken Smith put Newton ahead in the second period with assists going to Mario and Cupolo. Kennedy came thru with a goal for Toronto tying it up again in the same period then Cowley put on one of his solos to put the Bruins in the lead, but to make it safe Mario repeated Cowley's stunt to make it 4-2 and their fifth win out of seven starts against Toronto this season.

The Toronto Maple Leafs came to Boston Tuesday night and lambed the Bruins 5-1. Toronto scored in every period. Pratt in the first, Kennedy and Jackson in the second, Kennedy and Hill in the third periods. It was a hot game for two periods. Jennings scored the only goal for Boston in the first period on a pass from Cowley. The Bruins hustled all the way but just couldn't get the puck in the net. Cupolo pulled McCool out of position but missed the open net, Jennings shot another one in which bounced back and although the red light glowed Referee Bill Chadwick would not allow the goal.

The Montreal Canadiens gave Detroit another trimming 5-2 which gave them a 4 1/2 game lead over Detroit who are in second place. Detroit beat the Bruins 3-2 Sunday night and we wonder what Boston has to do to beat them, it could be Lady Luck will smile on Boston if they are fortunate to get in the playoffs and it will be OK with us if this should be the case.

Chicago beat Toronto 2-1 and the scramble to get in the playoffs is on. Boston, New York and Chicago are having a real fight to get in.

The Bruins have now played their 53rd successive game without being shut out breaking their old record but have a long way to go to equal the league record made by the Rangers of 126 games.

The Bruins staged one of their great hockey games last night to beat Chicago 3-2. Neither team was able to score in the first period with Boston having the puck practically all this period, in the second Boston scored 3 goals. Cain took the puck away from Cooper and sailed a 30 footer into the net, then Cowley picked up the puck and passed from Clapper and scored. Gaudreau scored the last Boston goal on a pass from Rozzini and Schewschuk, McDonald and Dahlstrom scored for the Hawks in the third period and in the final minutes five forwards were tearing down the ice to try and get the tying goal, but the Bruins played all around them, in fact it was one of the best games Boston has played this season. Bennett played a nice game in the net but had only 13 stops to make so well did the Bruins dominate the play all evening. Karakas in the net for Chicago had 34 stops. This was the game the Bruins needed and the way they played made Boston fans think they could beat anyone. They must take the Rangers in the next game then Chicago again, if they do this they will make the playoffs and the

way the team went against Chicago both Detroit and Canadian will have to skate fast and furious to win.

Newton High's Basketball team plays Arlington High today and can clinch the Suburban League title by defeating them. They play Brookline Friday and as they now have won 9 and lost 0 it looks like Newton in this league. Somerville has won 8 and lost 0 in the greater Boston League. Belmont has won 10 and lost 0 in the Middlesex League.

### NEWTON BOY SCOUTS IN WINTER CAMPOREE

One hundred and four Scouts and 38 adult leaders were present at the Winter Camporee held recently at Nobscot Reservation in Framingham. Mr. Stanley W. Merrill was Chief Judge assisted by Richard Peirce, Assistant Judge, and a group of Norumbega Scouts.

The two day program included a schedule of judging by the men of the winter camping standards on the part of the various patrols at the Camporee. The judging was planned so that all Scouts would receive thorough training in the matter of winter camping, including health and sanitation in the preparation of meals; proper personal and sleeping gear for cold weather; good leadership and discipline in the patrol; proper camping equipment, packs, first aid kit, food menu; drinking water supply; adherence to schedule for the two day program.

In the evening a campfire program took place under the direction of Assistant Judge Richard Peirce. A splendid Scout sing took place at the campfire under the leadership of William Baxter. Walter Howe led cheers. At the close of the campfire, the Scouts and Scouters hiked across the snow in the moonlight to their various cabins while Taps echoed through the night from the bugles of four Scout buglers stationed at various points on the mountain side.

The Reverend M. Russell Boynton conducted a Scouts Own church service Sunday morning. Dr. Boynton, chaplain for the Protestant faith in Norumbega Scouting, delivered a splendid message to the Scouts and Scouters present.

All Scouts who attended the Winter Camporee received the felt emblem which symbolized Norumbega Council's 1945 Winter Camporee. Three banners were awarded to the Patrols which gathered the highest number of points in the judging—the awards will be made at the Council Court of Honor to be held at the Weeks Junior High school in Newton Centre. The Pelican Patrol of Troop 19 gathered the highest total of points. The Honor Patrol of Troop 4-A was second and the Wolf Patrol of Troop 10 was third. Other Patrols attending the Camporee did a good job of Winter Camping. The Mohawk Patrol of Troop 6; the Beaver Patrol of Troop 2-W; the Beaver Patrol of Troop 15; the Moose Patrol of Troop 7-C; the Panther Patrol of

Troop 5; the Flying Eagle Patrol of Troop 11; the Windigo Patrol of Troop 1; the Eagle Patrol of Troop 16; the Polar Bear Patrol of Troop 4-B; the Pinetree Patrol of Troop 20; the Eagle Patrol of Troop 12; and Provisional Patrols of Troops 83 and 22.

Frank M. Simmons, Director of Physical Education in the Newton schools, will be the director for the 1945 season of Camp Frank A. Day, the Newton Y. M. C. A. summer boys' camp it has been announced by General Secretary Clarence R. Mease. Mr. Simmons succeeds Samuel H. Johnson who has been connected with the Paterson, New Jersey Y. M. C. A. since last November.

Mr. Simmons has had considerable experience in camping, having had administrative and program positions in a number of private camps. He will bring to Camp Day a wealth of knowledge about camping as well as a life long interest in boys.

At the same time Mr. Bease announced the appointment of Ralph Fellersen as Business Manager at camp. In 1944 Mr. Fellersen was Director of the Stockton, California Y. M. C. A. camp. He is in the East doing graduate study and has agreed to take this position for this summer. These two men, in co-operation with the Camp Committee under the leadership of Mr. Henry T. Dunker, are busy enrolling their staff for the coming season. It is hoped as quickly as possible to announce a full staff of leaders and counselors.

There is every indication that camp will have a capacity enrollment this season. A number of registrations have been received and preference is being given to campers of former years. Camp Day is located in East Brookfield, 55 miles west of Boston.

## MR. and MRS. WAR WORKER:

# ***WHAT WONDERS YOU HAVE WROUGHT!***

The fighting man in this picture represents every one of those valiant members of our armed services. But all of those magnificent machines about him represent the unselfish labors of those who have manned the machines in the war factories at home . . . Machines that must still be manned until the war is over . . . Machines that must be kept running by the same men and women who have done such a wonderful job in the war thus far . . . Men and women whose hands have worked out piece by piece every bit of the intricate machinery that assembled together brings into being the mighty fighting units that are keeping democracy a reality. Whether it be planes . . . ships . . . guns . . . tanks . . . or hundreds of other types of equipment the fact remains that they are in the fighting forefronts because you placed them there, Mr. and Mrs. War Worker . . . and it is up to you to keep them there.

On the battle fronts everything is expendable . . . It has to be that way and equipment which has taken months to prepare . . . months of hard work and sweat . . . may be rendered useless or completely elimi-

nated by one mortar shell . . . by one bombing attack . . . by one mine. But the men at the front have to have equipment constantly and when one piece is eliminated or a thousand pieces rendered useless there must be more to replace it immediately, there can be no waiting . . . it must be there . . . and it will be there.

Every man at the front knows this. Every man at the front places his life in your hands for it is you that supply him with what he needs to carry on the death struggle against the enemy.

So don't discount your part in this war. You are as vital as any part of it. You furnish the equipment, he uses it. So stay on the job . . . keep going so that when the war is over . . . yes, after every battle the man at the front can say to those in the war plants back home . . . "we did our job because you made it possible by doing yours. We won this battle with the wonders in machinery and equipment which your hands wrought."

This series of messages is directed to the people and especially the war workers of this area. They are made possible by the following patriotic industrial firms and financial institutions.

REMEMBER THESE FOUR SIMPLE RULES

1. Do all reading, studying, sewing, game-playing close to a good reading lamp.

2. Avoid glare from bare bulbs. Don't sit facing the light. Glare strains eyes.

3. Avoid shadows. Make sure you have good light directly on your book or work. Shadows strain eyes.

4. Have eyes examined regularly. If eyes are defective, vision can be greatly helped with proper glasses.

**This is HARD, PHYSICAL LABOR!**

Darning socks can consume as much energy as digging a ditch! Today, because of war, many eyes that should be resting, are working overtime . . . Few people realize how much energy can be wasted through needless eyestrain . . . nor how easy it is to avoid eyestrain. Here are four very simple rules which will help conserve eyes and energy:

## YOUR HOME

If It Is Languishing For Lack of Color or Zest Do Something About It

The over-lighted room in your home naturally needs a reverse treatment to the dark room which we discussed last week. Tranquility is expressed when the light is subdued and color added to tone down the glare.

In selecting wallpaper never choose a pattern with too much contrast nor any design that looks at all heavy. But instead dramatize one wall in the room by using a soft tone figure or stripe paper in colors, such as green, peach or soft blue and do the other three walls in plain matching colors.

To darken the light room from the window use glass curtains and loosely hung draperies. I would, however, suggest that any pattern on them should be geometrical and not flowery. Don't overcrowd your furniture for it gives a fussy appearance. In all your planning try to reflect an atmosphere of tranquility.

NEXT WEEK: The busiest room in the house.

## "The Crusading Christ"

An Interpretation of the Methodist Crusade for Christ Painting by Clarence W. Hall

Before attempting to put on canvas the painting that has been designated as the official Methodist Crusade for Christ painting, Warner Sallman, the artist whose "Head of Christ" has become the best known and most widely distributed religious picture of our times, conferred at great length with Crusade leaders.

"I want to know all about the Crusade," said Mr. Sallman, "its aims and purposes, its inner genius and its scope."

He listened attentively as "Methodism's boldest and most comprehensive program for world redemption" was outlined to him. A man of deep spiritual instincts and insight, the distinguished artist's eyes flashed as his heart began to burn with the imagination that has characterized all his work.

"I shall count it a great honor," he said quietly, "to try to capture on canvas some of the mighty challenge of this Crusade."

And he hurried off to his brushes and paints.

How well Warner Sallman caught the vision of what the Crusade aims to accomplish is revealed in the style of the cover and division pages of the *Newtonian*.

It will be noted that the central figure of this poster—as he is the central figure of the Crusade—is "The Crusading Christ." Garbed in the robes denoting His kingship, but with the scars of the nails still in His hands, the Christ strides through the scenes of war devastation.

In this conception, the artist has daringly "brought Christ down to earth." Whereas most artists, from the old masters to contemporary painters, seem to depict Jesus floating above and somehow detached from the world, Mr. Sallman has placed Him—where Jesus placed Himself—upon the earth itself, amid the sorrows and sufferings of the world.

He is depicted in the midst of the healing of sin's wounds, whether those sins be individual or corporate.

Thus we have a striding Christ, as powerful as the van of His people's march to "trample out the vineyards where the grapes of wrath are stored." His every expression and attitude reflect the imperiousness of the task. His left hand clenched, His right hand extended in appeal to the onlooker to join the march of Methodists on behalf of the bereft. His sleeves tossed back—every gesture portrays the compassion He feels. No remote Christ, this!

Behind Him, marching in a V-shaped formation denoting the victory that will surely attend their way, come the hosts of Christ-inspired Methodists. It will be noted that the artist here has included men and women, boys and girls, from every walk of life, and representing many races. In and through the scenes of devastation they come, this marching host, to minister with Christ to the world.

And above them, symbolic of the hope they bring—the new dawn the Crusade stands for—is a colorful rainbow.

This powerful work Warner Sallman has not only made a great contribution to the Crusade for Christ, but he has also set the pace for religious artists to come. Well may we hope that this masterpiece by the Crusade artist will encourage all men to place Christ where for centuries He has sought to be, in the center of every effort for man's good.

## Newton High School News

"Death Takes a Holiday," a fantasy in three acts by Albert Casella, was presented on Saturday, February 10, and Monday, February 12, by the Drama Club. Monday's matinee was a performance postponed from Friday. Mrs. Jean M. Wiens, of the English department and adviser of the Drama Club, was director and coach, and deserves praise for the superlatively good production.

Much credit for the success of the play goes to the scenery committee, thirty-two pupils working with Mr. Peterson, to design and make the right setting, the great hall and garden of a castle. Other committees were equally active, and nearly one hundred fifty pupils played in the production.

Recently added to the faculty of Newton High is Mr. William Connors, teacher of physical education and coach. Mr. Connors came to Newton from Natick High School.

Our trophy cases are filled to overflowing with the awards of Newton High School athletic teams both past and present. The very successful track team recently brought two more to the school. They are the Northeastern University Intercollegiate and the Class "A" State Championship.

Tuesday, February 13, was the regular monthly Parents' Day. On the second Tuesday of each month teachers reserve their time from 2:30 to 4:00 for conferences with the fathers and mothers of pupils in the school.

School closes at 2:00 on February 16 for the winter holiday. Classes will begin again at 8:30 Monday, February 26.

The total amount collected for the National Foundation for Infantile Paralysis in the High School was \$218.88.

Mr. Sterling Williams, the faculty adviser of the *Newtonian*, and a teacher in the Social Studies department, gave a talk on Saturday, January 27, at the Massachusetts High School Principals' Association conference. He spoke on the selection of photographer, engraver, and printer for a yearbook.

Sponsored also, by the Association, there was an exhibition of more than 150 annuals from all over the country. On Friday, February 2, the Art Staff went in to garner ideas for the style of the cover and division pages of the *Newtonian*.

Dividends on Savings Bank Life Insurance policies will be continued on the same basic scale as was paid in 1944 for the coming year beginning February 1, 1945, it was announced today by G. Churchill Francis, president of the Savings Bank Life Insurance Council of Massachusetts. All savings-insurance banks will pay the full basic scale on all policies.

Reporting on results during 1944, Francis noted that after payment of death claims and expenses, setting aside full legal reserves and providing for dividends, the system as a whole will transfer to surplus and guaranty funds about 25 per cent of net profits for the fiscal year ended October 31, 1944.

Assets of the system increased by \$248,000,000 on that date, a substantial increase over the preceding year. Assets of the system increased by \$248,000,000 on that date, a substantial increase over the preceding year.

"Civilian mortality continued to be gratifyingly low," Mr. Francis observed, "largely offsetting the increased war casualties and helping to keep our mortality ratio at the low level of 1943. Despite rising costs, our insurance expenses continued remarkably low, amounting to only \$2.66 per thousand and dollars of insurance in force. This reflects the low selling expense made possible by the Savings Bank Life Insurance plan of issuing policies over-the-counter, with no selling commissions."

"Purchases of new policies showed a substantial gain over the previous year," Mr. Francis noted, "and the new policies issued without medical examination on children under 15 have proved especially popular since their introduction early last year. Terminations continue at a very low rate, and many policyholders have increased the amount of insurance protection both on their own lives and on members of their families."

Wounded, Receives Purple Heart

The Purple Heart award for wounds received in battle in Germany has been made to Tech. Sgt. Walter J. Carley, son of Mr. and Mrs. W. E. Carley of 77 Charlesbank road, Newton.

His brother, John Carley, U. S. M., served in the South Pacific, participating in the battles of Guadalcanal, Cape Gloucester and other campaigns. He holds the Presidential Citation and a personal citation from Gen. W. H. Rupertus.

SAVE WASTE PAPER

Understanding and sympathetic assistance toward that readjustment which must be achieved in the shortest possible time. A veteran's discharge will be his only requirement at the Readjustment Service Center. If he or she has served, the Army will serve them. The object will be to guide and counsel the veteran in securing all advantages provided by Federal and State statute and agency, to cooperate fully with all other agencies serving the veterans, especially the Veterans' Administration in whose hands rests the responsibility for all those discharged from the armed forces.

## Newton Told How Nurse Shortage Can Be Relieved

Newton Red Cross, in its effort to cooperate with National appeal for more trained nurses, wishes to let the public know how it can help to release these nurses for military service. "It is fresh in our minds," says Charles Raymond Cabot, chairman of the Newton Chapter, "because it was the appeal most stressed by President Roosevelt in his radio address last Saturday. Here are a few ways you can help."

1. Become a Red Cross nurse's aide in order to release hospital nurses.

2. If you are a trained aide, be sure to serve at least ten hours every week.

3. Learn how to take care of members of your own family by taking a Red Cross home nursing course. A telephone call to the Chapter House, Lasell 6000, will give you details of all courses available to you.

4. Do not employ a special nurse except for critical illness. Use your local visiting nurse association whenever possible.

5. Save the nurse's time at the hospital by asking for only necessary service.

6. Remember hospital beds are at a premium. Defer a non-emergency operation when your doctor asks you to do so.

7. Guard your own health. Don't take useless risks.

8. Work in a hospital in a housekeeping capacity, such as a Red Cross Dietician Aide. Newton Chapter is planning courses for this type service.

Mr. Basil O'Connor, chairman of the American National Red Cross, has sent a most urgent appeal for trained nurses to all Red Cross Chapters. He states there is a desperate need for 20,000 additional nurses, and rapidly mounting casualties make it imperative that these be procured at once or many of our wounded will be deprived of essential nursing care. "Eleven Army hospital units about to go overseas are being sent without any nurses," reports Mr. O'Connor. "This is an unprecedented event in this war. The people of the country do not appreciate the extreme gravity of the situation and the efforts they can make to relieve it. If our nursing resources are utilized with ingenuity, there are adequate numbers of nurses to meet military and essential civilian needs as well."

Red Cross Concerned With Community Health

In an effort to keep the health record of Newton citizens at its highest point, the Home Nursing Committee of Newton Red Cross is making its courses available to as many women in the city as is possible. Seven new classes are starting during the past ten days in Newtonville, Newton, West Newton and Newton Centre, in which 125 women have enrolled. Five of the classes are the regular 24-hour Home Nursing course, and the shorter 12-hour course on "The Care of the Sick."

"On guard to protect the health of their homes, these Newton women are fulfilling an important community obligation through their participation in the Red Cross home nursing program," says Mrs. B. Allen Thresher, chairman of the Committee. "Military demands are increasing the shortage of trained nurses every day, and it is becoming more imperative that every homemaker in the city know how to take care of her own family in time of illness."

Additional classes are being planned for Wednesday evenings from 7:30 to 9:30. In Auburndale, classes started January 31st, while Waban and Newtonville will begin February 7th.

## NEWS from RAYTHEON

By Dorothy Williams

**X-RAY PROGRAM HITS NEW HIGH**. Ninety-three per cent of the Newton plant employees turned out for chest X-rays in response to the X-ray health plan which was sponsored by the Mass. State Dept. of Public Health and the Newton Health Dept. in conjunction with the Raytheon Radio Receiving Tube Division, Newton. The Newton plant is the first concern of its size to have reached such a high percentage.

During the period of Jan. 8 through Jan. 19, a mobile X-ray unit was stationed in the plant yard opposite the west wall of Building 4. All X-rays were taken free of charge to any employee. Employees will be informed of the results of their X-rays between four and six weeks from the time of X-raying. All reports on X-ray pictures are strictly confidential and neither the Raytheon Manufacturing Company nor any insurance company can get this information.

**A FORMER RAY AND A GERMAN SHIP**. S. J. C. Baldasaro, U. S. Coast Guard, former employee of the Newton plant, was a member of the U.S.S. East Wind crew that captured a German ship that was trying to establish a weather station in Greenland, his family learned recently.

Seaman Baldasaro, who is home on leave, told of the reckless desperation with which the Germans tried to seize the weather station. The Nazi crew was taken by surprise and surrendered without a fight. This was the first trip for Baldasaro and the other members on board. It was also the first run for the ship and the praise from their commander was that all came through like veterans.

Baldasaro is now stationed in Boston. His sister, Rita Baldasaro, works in Dept. 301 and is a Raytheon News reporter.

**EXIT—ONE MILKMAN**. Tube Head Tim's next-door neighbor found the milk she had been getting from the milkman was very poor. The milkman sympathized with her and said, "Madame, there's a war on—and besides the cows are just as sorry as you. In fact I found them all crying one morning because their milk was so thin." "That's all very well," snapped the housewife, "but I wish you would see that their tears don't drop into the milk can."

**DANCE HITS SERVICE-MEN'S JACKPOT**. "There were two servicemen for every girl" was the delighted comment of Newton plant employees who attended the Newton plant Annual Dance which was held Saturday evening, Jan. 6, at the Hotel Coppley Plaza.

More than 800 couples and 600 servicemen danced to the music of popular Bert Edwards and his orchestra in the main ballroom. During the evening, Newton Raytheon's newly organized Glee Club sang "I Love You Truly" and "The Bells of St. Mary's." The club was under the direction of Fred McInnis, 39 Clivton street, Roxbury, and performed after only five rehearsals.

**PURPLE HEART FOR RAY'S WIFE**. The Purple Heart was sent home to Ruth Fitzsimmons, Radio Receiving Tube Division, Newton, by her husband, Pfc. Joseph Fitzsimmons, U. S. Army Infantry, who received the award for wounds received from a heavy artillery shell during the Battle of Aachen.

Pfc. Fitzsimmons is in a hospital in England where he is recovering from injuries in the shoulder, left arm, left leg, right knee and forehead. He has participated in battles in France, Belgium and Germany.

Mrs. Fitzsimmons, who lives at 19 California park, Watertown, works in the Cost Dept.

**AT A 12th AAF B-25 BASE**—John J. Trumble, 25 Capital street, Newton, has been promoted to Second Lieutenant.

A pilot, he has been overseas six months with a three-decorated B-25 Mitchell group, now based in Corsica. He has flown 30 combat missions.

Lieutenant Trumble wears the Distinguished Unit Badge with oak leaf cluster for the two War Department citations of his unit—the Mediterranean's oldest medium bomb group. The Mitchell were also decorated by General Charles De Gaulle for bridge-busting attacks in Italy.

Lieutenant Howard C. Taber, USNR, of 377 Waltham street, West Newton, has returned from a tour of duty as pilot of a fighter plane based on a baby flattop in the Pacific.

Attached to Air Group 37, Lieutenant Taber piloted a Grumman-built HELICOPT, which is said to be feared by Jap pilots more than any other plane.

The Navy pilot wound up his combat tour at Leyte where he led a strike group which inflicted serious damage on an enemy heavy cruiser. When attacked by enemy fighters, he shot down two of them, then made a water landing alongside a friendly ship in Leyte gulf.

Lieutenant Taber came to Fighter Squadron 37 after a tour of duty on the USS Monterey, during which time he took part in one of the early attacks on the enemy's bastion at Truk.

He also participated in the offensive actions against Saipan, Guam and Morotai.

Lieutenant Taber's wife, Janice Coulter Taber, lives at the West Newton address. He is the son of Mr. and Mrs. Ralph F. Taber of Newton.

**WITH THE U. S. FORCES, France**—Cpl. Daniel R. Foutas of 52 Chandler place, Newton Upper Falls, fighting in France since the first week of the invasion, is one of a group who have received the Bronze Star for exceptional heroism and service in combat.

Presentation of the awards was made at an impressive ceremony by Major General Leland S. Hobbs, division commander.

## MAYOR SUBMITS 1945 BUDGET OF \$5,623,221

A Proclamation By His Honor Paul M. Goddard Mayor of Newton

The month of March has been designated as Red Cross month, and will be so observed throughout the nation. This organization is constantly increasing its great humanitarian service, and stands, ever ready, beside our service men wherever they may be.

The Red Cross ministers to our men on the battlefield, and cares for their loved ones at home. The Red Cross helps our fighting men in their hour of greatest need. This work will be increasingly necessary until the war is completely won, and our support must be freely given. Newton's quota is \$170,000 of which \$37,000 will be reserved for the work of the Local Chapter in this City. The balance will be our contribution to the various War Services of the National Red Cross. Hundreds of Newton citizens have volunteered their services for the month of March. Let us all help them with our dollars, and in this way save the men who are sacrificing for us.

PAUL M. GODDARD, Mayor.

## Recommends Some Salary Increases

Board Adds \$40,000 for Snow Removal

Mayor Paul M. Goddard submitted to the Board of Aldermen at their meeting on Monday night a total city budget of \$5,623,221.69. This figure is more than \$100,000 below the total requests of city department heads, and is \$200,000 under last year's appropriation.

The mayor has recommended that uniforms for members of the police and fire departments be furnished by the city and asked for an appropriation of \$6350 for police uniforms and \$6500 for fire department uniforms. This was the first time that recommendations have been made for the city to furnish uniforms for these two departments.

Increases in salary for some city employees including some department heads were recommended in the budget among which was an increase of \$100 in the salary of the Chief of the Fire Department, \$100 for the inspector of animals, \$200 for increases in salary of two associate assessors, as well as increases for some clerks and other employees.

A request from the Health Department that the salary of the health officer be increased from \$4000 to \$4500 and another from the Library Department for an (Continued on Page 2)

increase in the salary of the city librarian from \$4200 to \$4600 were voted by the mayor.

The largest cut in the budget was that of the Street Department, the request for \$1,038,778 being reduced by Mayor Goddard to \$993,548.

An appropriation of \$40,000 for snow and ice removal was made by the board on Monday night. This is in addition to the \$110,000 already appropriated. An appropriation of \$14,700 for new equipment for the Street Department was made, this amount to be used for the purchase of new steam-rollers to replace those recently sold to Brazil.

For listing assessed polls the board appropriated the sum of \$4500 for the City Clerk's Department. Chairman Lockwood of the Finance Committee explained that (Continued on Page 2)

### YOUR HOME

How does your kitchen measure up to modern standards?

The color scheme carefully worked out will bring sunshine right in your kitchen work room. If it has grown dingy and down-at-the-heel, if it dates back to grandma's time of drab colors, if it is not the kind of kitchen into which you can proudly invite your friends in for an after theater snack or a complete buffet supper, then it's time to renovate.

It is just a matter of using more of the right color, points or wallpaper. Yes, I said wallpaper! Washable, sun defying wallpaper in gay and amusing designs. Wallpaper offers one of the easiest means of obtaining decorative effects. I would also suggest that you choose the washable painted fabric, such as Walltex which comes in a wide variety of patterns and colors.

With your walls in the role of cheer leader your floor and curtains in contrasting color you can create a stimulating and carefree effect.

NEXT WEEK: Your Floors.

## Politics With Color

by P. W. C.

(The opinions expressed in this column are the writer's own, and do not necessarily reflect the opinions or policy of this newspaper.—Editor's Note.)

### United "White Collar" Majority, Inc.

At long last something has been done to cheer the hearts and souls of the hitherto particulate middle-class group in our country which has been buffeted about as regularly as the tide rolls in from the ocean. I refer, of course, to the so-called white-collar class, which numbers about 50,000,000 people in percentage.

Last night I received from a life-long friend, a prominent resident of Newton, one of the most interesting circulars which has ever come to my attention. It is put out by the "United White Collar" Majority, Inc., located at 220 Broadway, New York 7, N. Y. The president is Robert Routh, retired, advertising and public relations counsel. The treasurer is George Lippincott Brown, personnel and occupation who is vice president of Positions Securing, Inc. at 45 John St., New York. The four-page circular starts off as follows: "At Last! The White Collar Class comes to life. The 'Middle Class Movement' is under way. No longer shall we remain helpless, voiceless, ignored."

This organization is a national, non-profit, membership organization formed under the laws of the State of New York on May 2, 1944. It is in no way a labor union nor does it function as such. The framework of its purposes and objectives is the "Welfare of the Nation through the protection and the economic, political and social betterment of the great middle class majority." This middle class includes the following: engineers, architects, nurses, stenographers, other clerical workers, inside and outside people, little business men, writers, doctors, dentists, lawyers, federal, state and city employees, teachers, professors, clergymen, technicians, pensioners, et al.

The twelve specific objectives are as follows: 1. To be a central executive organization in behalf of the "White Collar" groups. 2. To obtain immediate relief for underpaid "White Collar" employees. 3. To protect workers who do not belong to national labor unions. 4. To represent "White Collar" interests at War Labor Board and other governmental hearings. 5. Protection of the self-employed "White Collar" people. 6. Protection of the small business man. 7. To advocate the incentive system for individual accomplishment. 8. Periodical adjustment of salaries and income to maintain standards of living. 9. Equalization of pay of government, state and municipal employees. 10. To establish equal pay and business status for women. 11. A social security system for all citizens. 12. To advocate an earlier retirement age. 13. To obtain inexpensive but effective medical care. 14. To secure, sincere government co-operation—free from politics. 15. To help re-establish the demobilized armed forces.

One more word. I quote from the second objective. "We demand an immediate end to the present conditions which compel 20 to 25 million of our 'white collar' people to be subjected to sub-standard living, because of salary freezing or any other reason. We shall insure ourselves against a future repetition of such conditions. We want to be able to meet the inflated cost of living, feed our families, pay our taxes and maintain a humane existence of which we need not be ashamed and one to which our education and degrees of ability and effort entitle us."

If any of my readers are interested in this project, kindly advise me and I will suggest the next step.

**Senator Burton**  
Last night's mail contained another important document to which I shall refer at greater length in the near future. Senator Harold H. Burton of Ohio, frequently mentioned in this column, sent me a copy of his eighth semi-annual report to the voters of Ohio. He gives a very detailed account of his stewardship and includes some extra-curricula activities, such as twenty-five speeches delivered throughout the country in behalf of an international security program. His record of attendance is excellent and his record on contested rollcalls is unusual. The Senator voted in 368 out of 412 roll-calls. That is a percentage of 89.3. Very few of our Senators or Congressmen can match that performance. Incidentally, that may be the reason why more of our public servants do NOT make a report to their constituents. I could not help thinking, as I studied this report, what a fine thing it would be if ALL our important public servants copied Senator Burton's technique. It would greatly enhance the respect of the average voter for his Congressman or Senator. It might stop the talk of "Bundlers for Congress" which arose when our national lawmakers were contemplating doing something for themselves a year or so ago. More power to you, Senator Burton. You are blazing the trail in more ways than one and we rejoice that we have men of your caliber and vision in Washington.

## NEWTON In The Past

55 YEARS AGO

The sales of the Turner Centre Print butter of the year ending Feb. 18, were 12,500 pounds at G. P. Atkins' store, Newton. The Newton people evidently appreciate it.

The fine sleighing that followed the deep snow of Wednesday night is being taken advantage of and every sleigh is out. The first real evidence of winter seems to be appreciated, and perhaps even now the ice men will find ice enough at home.

"The Players" presented the farcical comedy, "A Glimpse of Paradise" in City Hall, West Newton, Wednesday evening. The auditorium was completely filled with an audience representative of the wealth and culture of the city. The gentlemen appeared in full evening dress and many beautiful costumes were worn by the ladies.

The police force of Brookline consists of 30 men, providing for a system of perpetual patrol. In this city 24 men, including the officers, are expected to protect the entire city. The night patrol consists of 15 men scattered in seven wards.

50 YEARS AGO

Newton Graphic, February 22, 1955  
We should not lightly esteem the privilege we have of casting our vote for such persons as we think will best serve us to fill the public offices. An election for senator will be held on Tuesday next. Make up your mind now you will vote for, and then go to the polls.

Some 200 citizens of Newton Centre have signed a petition for free delivery and collection of mails in Newton Centre. Copies of the petition may be found at Richardson's provision store, Bray's block and at Gardner's Drug store, White's block.

25 YEARS AGO

Newton Graphic, February 20, 1930  
On February 13, the Clinic Memorial M. E. Church celebrated its freedom from debt by burning the mortgage on their buildings.

The aldermen on Monday night put a stamp of disapproval on the proposed plan of the Assessors to use twelve police officers for the work of assistant assessors.

The Public Meeting held at the Classical High School last Tuesday night under the auspices of the Post was well attended; about 500 persons being present to listen to Lt. Gov. Channing Cox, Mayor Edwin O. Childs and "Sailor" Ryan, and the doctrines of Americanism, and hear the tribute paid to America's fighting men by Captain Morize of the French Army, who, on behalf of his Government distributed Memorial Certificates to the next of kin of those who died in the service.

(Continued from Page 1)  
held during the week. The Preliminaries were held on Tuesday and Wednesday, and the final events were run off on Thursday during the program for Open House.

Thirty Cadets participated in the Crafts Work Program under the leadership of Bill Starkweather. This group is making belts, pocket books, and key cases, and other projects on leather-craft. Some of these projects were exhibited at the Open House and a group was at work on other projects in the shop, giving the parents an opportunity to see how the program is carried on. Beginning next Tuesday, the Juniors will have a class in similar work under Mr. Starkweather's direction. It will be necessary to limit this group to fifteen, so the boys who are interested should sign up early, in order to assure them of the opportunity of taking part. A new feature has been added to the regular program on Monday, Mr. Abbott has started a special class in diving instruction, for boys in the Junior and Junior High groups. This class meets at 4, just prior to the regular Junior High Swimming period. From now on, instead of two Junior gym and swim periods on Tuesday and Thursday, there will be but one, starting at 4 in the gymnasium, and at 5 in the swimming pool.

## Budget-

(Continued from Page 1)  
the cost of the work is heavier this year because the state census is being taken at the same time.

The board authorized the acceptance of offers for city owned land from Helen E. Edgar, \$2000 for a lot on Winchester street, Newton Highlands, and \$750 from John L. Foley for a lot on Parmenter terrace.

An application of Mobeo, Inc. transmitted to the board by the State Department of Public Works for a permit to erect a bill board at Lexington street and Rumford avenue, was disapproved by the board.

The board authorized the retirement of George P. Maxey from the Fire Department and John Corrigan from the Street Department.

The reappointment of Edward F. Dalton, member of the recreation commission for three years; Dr. Roland A. Lombard, a member of the Registrars of Voters, for three years; submitted by Mayor Goddard, were tabled by the board for confirmation at the next meeting.

"Mind" is the subject of the Lesson-Sermon to be read in The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and in all of its branches, on Sunday, February 25. The Golden Text, "There is a spirit in man: and the inspiration of the Almighty giveth them understanding," is from Job 32:8. Other Bible citations include, "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are His judgments, and His ways past finding out!" (Romans 11:33).

The Lesson-Sermon also includes

In the gymnasium, basketball continues as the popular sport. Among the girls, ninth grade room 26 defeated room 22 in a score of 5-6. Seventh grade results were as follows: rooms 24 vs 12, score 2-0; room 29 vs 20, score 4-2; room 8 vs 29, score 12-0. Eighth grade: room 9 vs 25, score 9-5; room 11 vs 15, score 5-1.

Among the boys, room 20 defeated 12, score 12-9; room 27 defeated 8, score 12-11. In the varsity game at Warren, Day defeated Warren in a score of 25-17.

Our sewing classes under the direction of Miss Pratt have prepared a supplementary banner to be hung inside the school. On a field of blue gleam 20 stars, each representing one month's participation in the purchase of bonds and stamps on the part of the student body. As the school reaches its quota each month, a new star will be added.

Seventh grade elections resulted in the following officers: President, Ann St. George; Vice-President, Robert Gifford; Secretary, Edith White; Treasurer, Betsey Webber.  
Through our purchase of \$241.55 worth of bonds and stamps, we have reached now our 100 per cent quota for February and thus earned our 20th star. Grand total for the month is \$763.70.

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "MIND, The only I, or Us; the only Spirit, Soul, divine Principle, substance, Life, Truth, Love; the one God; not that which is in Man, but the divine Principle, or God, of whom man is the full and perfect expression; Deity, which outlines but is not outlined" (p. 591).

## Dining With Jane and Bill

Jane—Here's a broom to brush the snow off your galoshes.  
Bill—What a storm! The plows haven't even come down this street yet!

Junior—No school this afternoon for me, Daddy.  
Jane—And no trip to the market for me either.  
Bill—Sounds as if you were going to tell me no supper next! My nose tells me better.

Jane—We've got something good. Supper's most ready. By the time you are washed and get into some dry things, it will be on the table.

(A few minutes later)

Bill—Nothing hotter than a baked potato!

Jane—When I found I couldn't go shopping because of the storm I decided to have baked stuffed potatoes for the main dish.

Junior—I like the cheese in them. Anything cheesy, oh, boy!  
Bill—Darned good supper, Jane, with this tomato juice and those peas you canned.

Jane—Thanks to your Victory Garden.

Bill—I had a potato chowder for lunch. Just the thing for a day like this. But say, what about having potatoes twice a day? Is that all right?

Jane—Of course it is.

Bill—Aren't they too starchy?

Jane—Oh no, that's just a notion—a small potato has the same number of calories as a slice of bread, and not a bit more than a bottle of "pop."

Bill—You should tell that to the girls in the office who are trying to lose weight.

Jane—I know a lot about potatoes right now because the nutritionist gave a talk to our Mothers' Club about vegetables.

Bill—What else is new about potatoes?  
Jane—I learned that they have iron in them. One baked potato has as much as an egg! They also spoke about boiling them in their jackets to keep in more of the minerals and vitamins.

Bill—Thought you said once that you peeled and soaked your potatoes before you boiled them to make them white.

Jane—No more! Those mashed potatoes we had last night were cooked right in their skins, and they looked just as good as any I ever made; as well as being far better for us.

Junior—I eat my baked potato skin. Bet I could eat it on a boiled potato too.

## Bureau-

(Continued from Page 1)  
from the Christmas Seal Sale. A part-time rehabilitation worker is employed.

Mr. Malcolm S. Nichols, General Secretary of the Family Society of Boston was the guest speaker, talking on "Your Family Agency—Today and Tomorrow." He pointed out that the family agency is a force for democracy because it is made up of a group of far-sighted people who organize to provide a service that is useful to a large number of citizens. Individual help with personal problems is given by skilled workers who are trained to understand the underlying reasons why members of a family fail to get along with each other and in the community. Mr. Nichols stressed the fact that this help is available to people regardless of their economic status, that the service is free, and yet too often people in need of it go to poorly-qualified consultants who charge substantial fees. He urged community members to aid themselves more fully of the services of the Family Service Bureau.

## Nursing-

(Continued from Page 1)  
hand information about the work in which they are so vitally interested. The meeting marked the end of the 47th year of the Newton District Nursing Association and the year 1944 brought increased interest and an increase of 835 visits for nursing care over the 1943 figure. Three hundred and forty-four new babies were admitted to the Well Baby Conferences, making a total of 1070 babies registered in 1944. Detailed reports of the standing committees were given, each showing the growth of the organization. In her annual report, Miss Hilga Nelson, executive director, spoke of the increased demand for part-time nursing service, especially that given to patients suffering from incurable diseases of old age. The Association is desirous of meeting this community need but hopes the public will understand that the chief function of the nurses is to teach good nursing care to some member of the family who can finally take over and thereby release the nurse to serve where her scientific knowledge is more necessary. Nursing on the whole is definitely at a premium in these war times and the public health nurse finds her days more crowded than ever, therefore great care has been taken to cover all necessary services as well as possible, with fewer nurses. In 1944 the nurses made 24,490 visits of which 13,377 were for nursing care of the sick. The rest of the visits were made for health inspection of children at some of the Nursery Schools; home visits

## Newton Rotary Club

The guest speaker at the meeting of the Newton Rotary Club on Friday was Professor Robert Ulich of the Harvard Graduate School of Business Administration, and his subject was "The German Problem After the War." Dr. Ulich, first of all outlined the conditions which are necessary before any country can make real progress:

- (1) The inhabitants must have food and shelter and warmth.
- (2) Must have work opportunities.
- (3) Some kind of standards.
- (4) Opportunity of reasoning.
- (5) Some kind of hope.
- (6) Love and charity.

He pointed out that these conditions are basic to all human activity in any country or society. Democracy and justice are outgrowths of these conditions and cannot be attained unless these conditions are present among the people. The progress which will be made after the war will depend to the extent upon which the United Nations make it possible for the German people to attain these basic conditions. Naturally much will depend upon the attitude of the conquering people as well as upon the attitudes of the German people themselves. If the Nazi indoctrination is as deep seated as it appears to be it will be many years before the German people themselves will be in a cooperative frame of mind to accept these conditions for good society.

There were ten guests present, seven of whom were Rotarians. Next Friday, February 23, the club will be honored with Secretariat Philip Lovejoy, from headquarters of Rotary International in Chicago, as the guest speaker, accompanied by Richard Rutherford, District Governor of the 197th District, of which Newton is a part. This meeting will be one of Newton's outstanding ones of the year and an exceedingly large attendance is looked for.

## F.B.I. Agent Fallon Kiwanis Speaker

Stressing the fact that there is nothing mysterious about the Federal Bureau of Investigation or its agents, George W. Fallon, special agent of the F.B.I., told of the bureau's contribution to the war effort at last Wednesday's noon meeting of the Newton Kiwanis Club at the Y.M.C.A.

Mr. Fallon informed his audience that on the orders of the President, the F.B.I., in the interest of national security, began the regulation of employment and travel of aliens. This alien control had its beginning on September 6, 1939, resulting in the fingerprinting, etc., of all aliens and the investigation of suspicious aliens, some of whom were known to be definitely sympathetic to the Axis Powers. An Alien Hearing Board decided on the sentences, internment and the parole of all brought in via the F.B.I.'s nationwide dragnet, he added.

The first case of treason to be brought before the courts since the infancy of Benedict Arnold, Fallon said, occurred as the result of Nazi Lieutenant Hans Krug's escape from a Canadian Prisoner of War Camp on April 15, 1942. Shot down over the English Channel, Krug was brought to Canada from which he made his escape to the home of a German-American woman in Detroit. From there he was taken in hand by a saloonkeeper, Max Steffin, in whose back room members of the German Bund formerly practised goosestepping in their Fuehrer's honor.

Steffin gave Krug money and clothes, sending him on his way to the Mexican Border, where Krug was captured by the police and F. B. I. Fallon continued. Brought back, Krug's testimony convicted Steffin and the Detroit woman of treason. The woman was given a jail sentence, while Steffin, sentenced to hang, had his sentence commuted to life by President Roosevelt.

Jim Riggs reported the Sea Scouts sponsored the Kiwanis building up a membership and that their quarters in the Upper Falls is now heated. The attendance prize will be doubled next week. Pete Pettigill introduced a new song in honor of President Ben Lewis. The highly popular "celebrated meeting" for Kiwanians of the Newton Club will be held next Wednesday.

## Newton Lions Club

The Newton Lions were hosts at a joint meeting at the "Y" of the Lions Clubs of Needham, Waltham and Watertown at what proved to be a most unusual and entertaining evening. There was no speaker and no formal program, but after the dinner and the usual amenities from the visiting Kings, Calvin Brown, a Director of the Waltham Club and an Honorary Director of the Newton Club took over and presided as Master of Ceremonies. Mrs. Elliott F. Abbott is in charge of the meeting. Mrs. Andrew R. Neilson and Mrs. Richard Farrell will pour at the tea which follows. Club members and guests are cordially invited.

At the meeting of the Social Science Club of Newton on Wednesday morning, February 28th, the speaker will be Dr. Fred J. Stare, Assistant Professor of Nutrition at the Schools of Medicine and Public Health, Harvard University. Mrs. William F. Garcelon and Mrs. Ed and O. Gruener will be the hostesses.

Watertown's "Doc" Secord offered to perform an autopsy as his contribution to the evening but no one would volunteer from his Club for the second party and thus Watertown had no star performer, being satisfied to act as the official cheering section.

The novel evening showed the high degree of fellowship which all Service Clubs endeavor to attain.

## Music School -

(Continued from Page 1) West Newton with Mrs. Scipione in charge. On Thursday afternoon, there was a recital for an older group at the Clafin School under Miss Forte's direction.

When students, including those in the beginning stages of music study, are ready to play, they are recommended by their teachers for recitals which are held regularly during the school year. This experience rounds out the instruction of the individual lesson, helps the pupil learn how to make use of his music study by playing for others and with others, and enables the teacher to watch the development and progress of the student. Frequent playing at informal and formal recitals has been found to develop skill and to promote steady progress.

Among those taking part were several family groups: violin and piano numbers by Alice and Betty Lee, Jane and William Warren, Lois and Joy Ufford; piano and clarinet by Emily and William Bradshaw; a family trio of piano, violin, and cello with Sally, Susan, and Stewart Johnson playing together. A promising junior trio with Ann Underhill, piano, Allan Rowlings, violin, and Cynthia Waterhouse, cello, are music school pupils all in the same sixth grade class at the Clafin School.

Team work and friendly social contacts through music groups have always been enjoyed by players of string and wind instruments in the orchestras and ensemble groups. The urgent need to provide more opportunity in group playing for piano students as well was felt, and is being met successfully in the sight-reading and accompanying work offered to all piano students of the Music School—even those just beginning to study. The children enjoy playing together with string and wind instruments, especially the companionship of other pupils of their own age, under the friendly guidance and leadership of the teacher. This experience holds the child's interest and helps him to understand the meaning of music and of his own music study.

## Newton War Mothers Take Active Part in Red Cross Drive

"A Star in the window means a Red Cross booster in the home!" That has been the experience of Miss A. Gertrude Osborne, chairman of the Newton Upper Falls Residential Division for the 1945 Red Cross War Fund, in her request for volunteers to conduct the house-to-house canvass during the month of March.

One such worker is Mrs. Mary W. Arbuckle with five sons in the armed forces. Mrs. Arbuckle says that the least she can do for her boys is to keep the Red Cross, with all its varied services, at their side. In addition to volunteering for War Fund service, Mrs. Arbuckle is one day each week at the Red Cross workroom, and works with a Canteen Unit at the Boston Blood Donor Center.

Mrs. Harold C. Vlass is also planning to solicit for the War Fund. She is the mother of two boys in service, the eldest of whom is a prisoner in a German camp. Ever since her son was reported "missing in action," Mrs. Vlass has turned to Newton Red Cross Home Service for information and advice. By taking an active part in the War Fund drive, she feels that she can show in part her gratitude for all that Red Cross is doing for our prisoners-of-war.

## Red Cross Needs Gifts For Hospital Ships

"Celebrate your birthday by buying a gift for a wounded boy on board a hospital ship," says Mrs. Edward J. Cannon, chairman of Camp and Hospital Service for the Newton Red Cross. "News has recently been received that five hospital ships will enter our ports at regular intervals, carrying the wounded from overseas to hospitals in this area. Whenever a patient on board has a birthday, a party is given for him and it is hoped that there will be a present on hand for every boy who has a birthday on the trip."

These gifts should be more or less luxury items, continues Mrs. Cannon, but the cost should not exceed two dollars. Some suggestions are small leather picture frames, writing portfolios with writing paper, cigarette lighters and cases, bill folds, identification bracelets, and the like. They should be attractively wrapped and accompanied by a birthday greeting card with the donor's name clearly indicated. However, no messages of any nature are permitted. It should be borne in mind when selecting these gifts that each patient on the ship receives a standard Red Cross comfort kit containing all necessary articles.

All citizens and organizations in Newton are invited to participate in this program, and may send their gifts for the boys who have been wounded in the service to Newton Red Cross Chapter House, 21 Foster street, Newtonville, from which center they will be sent to the hospital ships.

## Hospital -

(Continued from Page 1) and Maynard Hutchinson, Frank L. Richardson, Mrs. Robert L. Studley, John A. Paine.

Investment Committee: Henry T. Dunker, William F. Chase, Paul T. Babson.

Auditing Committee: Frank H. Stuart, Philip S. Jamieson, Clifford H. Walker.

Nominating Committee: Robert A. Whidden, Burton E. Eames, Charles M. Cutler.

At the Trustees meeting the reports of the several standing committees of the hospital were presented, and in addition, the very excellent and interesting report by the Hospital Aid Association showing the very successful activities conducted by it, particularly in connection with the Coffee Shop.

Dr. Frank Clark rendered his report for the medical staff covering the extremely busy year which the hospital had had and its accomplishments in spite of shortage of doctor and nurse personnel.

Public acknowledgment was made both by Mr. Hartman, the Administrator, and by Miss McVicker, the Superintendent of Nursing, of the great aid given by the volunteer workers of Newton and Wellesley.

Following the adjournment of the Trustees' meeting, the usual dinner was held at the Hospital at which Vice-President Clarence G. McDavitt, very recently returned from England where he had attended the International Labor Organization Conference as a representative of the United States, gave a brief and informal report of his experiences in England and of conditions as he saw them.

The guest speaker was Dr. Channing Frothingham who laid emphasis on the importance of improving the medical facilities even in such communities as Newton and Wellesley. Among other things his remarks could be summarized as follows:

"American medicine at its best is unsurpassed, but it is also beyond doubt that the medical facilities and services available to many of our people are far below the best. Unmet needs for medical care are widespread and the burdens of sickness costs are heavy and sometimes overwhelming.

"Medical services should be made financially accessible to all through a financial system of contributory health insurance combined with taxation, in behalf of people without sufficient income. A place should be maintained for voluntary action by many agencies. Comprehensive coverage and service is essential and must go hand in hand with the responsibility of the professions for strictly medical activities."

Following the conclusion of Dr. Channing Frothingham's remarks, a discussion period followed with many interesting questions being presented.

Mr. Clifford Walker as president of the Hospital expressed to the

medical staff and other employees of the staff of the Hospital who were guests of the dinner the appreciation of the officers and trustees of the work done this past year and of his confidence that the Hospital would continue to serve our communities to the highest degree possible.

After the meeting there was also announced appointments to the Board of Directors of the School of Nursing as follows:

For a term of 5 years — Thomas A. West.

For a term of 1 year — Dr. Richard I. Smith, Benjamin J. Bowen, Ralph J. Kelly (Wellesley), E. Prentiss Jones.

Secretary — Chester Spring.

## Volunteer Experts Serve Newton Through Red Cross

"The 20-Hour Standard Course in Nutrition, is a basic training course developed for adult groups,"

says Mrs. John E. Heibek, chairman of Nutrition for Newton Red Cross. "Three such classes are now in progress and one more class will open about April 15th or 20th."

"These classes are taught by trained volunteer Red Cross Nutrition instructors. They are open to the public," continues Mrs. Heibek, "and the only charge is twenty-five cents, the cost of the Nutrition textbook."

Information and enrollment may be secured at the Newton Red Cross Chapter House, Lasell 6000.

## Red Cross Home Service Link Between Your Boy and You

One of the most important Chapter activities to benefit by the 1945 War Fund is Home Service. It is the link between servicemen and the folks back home, and is always ready to take care of any problem confronting a serviceman's family.

All sorts of problems are brought to our trained Home Service workers, who are always able to give valuable advice and assistance to the family at home, which means so much in keeping up the morale of the men fighting on the battlefield.

A typical example of help is manifested in the plight of a serviceman's family which was brought to the attention of Newton Red Cross through a Chaplain and a Red Cross Field Director at a nearby Army Post.

It was found that the young wife had brought her two small children from the far south to be near her husband. Suitable housing was impossible to find and she tried desperately to maintain a home in rooms meagerly equipped for light housekeeping. The monthly income was inadequate and the threat of illness in our Northern winter was a constant worry.

The young mother carefully considered her problem with the Home Service representative and asked Red Cross assistance in making

plans to return south. Through her local Chapter, Home Service ascertained that a comfortable home was waiting for her with her husband's family. The home folks had been concerned about the welfare of the small family and were grateful to Red Cross for their interest.

Assistance was given in making and executing the necessary travel plans, with cooperation from Traveler's Aid.

It was a grateful and relieved young mother who thanked the Red Cross worker as her train was leaving.

## First Aid Offers Refresher Course

Mrs. Clifford O. Mooney, chairman of First Aid for Newton Red Cross, reports that there are 3000 people whose First Aid certification expires this year. They took the

course in conjunction with Civilian Defense work, and even though the fear of bombing has disappeared, it is still most important that everyone continue to keep up with First Aid trends. Statistics show that more accidents occur in the home than on the highway, and everyone should know what to do before the doctor arrives.

Mrs. Mooney states the Junior High Schools have shown interest in First Aid. 66 students from Frank A. Day have enrolled in a class which started Friday, February 16th, at the Red Cross Chapter House. Mrs. Helen Angvine, instructor, assisted by Mrs. Elsie Dussossoi and Miss Dorothy Foster.

At Warren Junior High a class is scheduled for Monday, February 26.

A group from Mt. Ida Junior College, Newton Centre, is instructed by Mrs. James Orr.

Two classes in Standard First Aid will open in March—one in the afternoon and one in the evening. Enrollment may be made by calling Lasell 6000.

# Ask General Eisenhower what your RED CROSS is doing for our Fighting Men

GENERAL "IKE" knows—better than anybody else—how many of his wounded G.I. boys are saved from death by life-saving Red Cross Blood Plasma!

He knows how a young soldier worries when there's no news from loved ones—or bad news—and how his spirits rise when a special Red Cross Home Service message says everything is O.K. at home.

General "Ike" knows the way a bombing crew, back safe from a perilous mission, go for the coffee and doughnuts the Red Cross girls serve! He knows how the Red Cross is always on the job at the front left—back home in the U.S.A.

And this is what General "Ike" says about the Red Cross:

"We simply couldn't get along without it. I consider the Red Cross an auxiliary of my army. They are doing a perfectly magnificent job in every way."

## ASK G.I. JOE

He'll tell you what the Red Cross does for him—and how! Listen to this boy's letter to his dad:

"Pop, whenever the Red Cross comes to you for money, give what you can spare, as they are wonderful to us."

And here's another:

"Dad, if you help anything or anybody, please give to the Red Cross because they help us. Plenty! If it wasn't for them, I don't know what our overseas soldiers would do. So Dad, do as I say. Help the Red Cross just for me!"

## ASK YOURSELF

Ask yourself: "Have I done as much as I can for my Red Cross—which is at my boy's side—ready to aid, comfort and cheer him?"

You can't do too much to help the devoted workers in this great Army of Mercy—who risk their lives over and over again to bring our millions of G.I. boys the proof that they are not forgotten by their home folks.

The Red Cross is doing your job—doing for your boy what you can't do. But you can help by giving more to the Red Cross now. Its job is stupendous—and it's growing bigger.

Give as much more as you can—today!

# THEY'RE GOING IN ... PERHAPS TO DIE.

**YES MR. and MRS. WAR WORKER, THE MEN YOU SEE IN  
THIS PICTURE ARE IN THE SAME ARMY THAT YOU ARE.**

They belong to the same country as you do, are fighting for the same cause, and when the war is over and Victory is eventually won, that Victory will be shared by all of us alike.

They risk their lives, yet all they expect from you is that steady flow of materials which make it possible for them to carry

on, and these materials can only be kept at their peak in output if you work hard and steady every day until your part of the job is finished. The men at the fronts will finish their jobs even if they die to do it. So be sure to do yours too. By so doing you are keeping faith with them.

### MARGARET HASKELL

The death, on Friday, February 16th, of Miss Margaret Haskell in Auburndale has saddened the whole community, for she was known and beloved by all.

Born in Auburndale, September 19, 1874, she lived here during the whole of her cheerful and useful life. Her father, the late Edwin B. Haskell, will be remembered as not only editor of the Boston Herald for twenty-six years, but an important member and chairman of the Metropolitan Park Commission and as one who had much to do with the early development of Newton and its environs.

Her mother, Celia Haskell, who died in 1930, was a loved and gentle hostess in their hospitable home on Vista Hill. Here, writers, musicians and friends gathered for the Sunday night musicales which became memorable events in Auburndale social life.

Although stricken with a crippling illness in her early childhood, Margaret Haskell never lost her active participation in community or church work. She was a member of The Journey Club, The Auburndale Woman's Club, The Daughters of the American Revolution, The Society of Mayflower Descendants, and the Women's Alliance of the Unitarian Church, to which she belonged.

Her vivacity and her wonderful sense of humor endeared her to young people and all her life she was an unflinching, sympathetic contributor to their enterprises. In 1900 she traveled widely in Europe with her family, and made many trips through various sections of this country. Not the least happy of her summers in late years were spent at the Isles of Shoals Conference. Here her keen intellect, wide reading, and her own beautiful religious beliefs endeared her to all who knew her. She was a valued participant in discussion and in the shaping of policy.

Here was ever a life of broad outlook—compassionate and courteous, discerning and charitable. Margaret Haskell enjoyed the love of a wide circle of friends.

She leaves a brother, Clarence Haskell of West Newton; a niece, Marcia Haskell, of Carmel, California, daughter of the late noted Boston oculist, Henry H. Haskell; a niece, Celia, and two nephews, William and Dudley, children of the late William E. Haskell; a grand nephew, Alden Haskell Clark, son of the late Martha Haskell Clark.

**Treasure Chests in  
Pigeonholes**

Not all treasure chests are buried. In fact thousands of them are right nearby... tucked away in the desks of farsighted men and women to whom a deposit book from a mutual savings bank now means as much as discovering a pirate's cache of gold doubloons and precious jewels.

By opening a savings account and adding to it regularly each week or each month, your dollars will soon grow and multiply into an amount sufficient to make many of your dreams come true. Systematic saving is the key to fulfilling such ambitions as owning your own home, travel to foreign lands, a college education for your children, and financial security when you retire.

As experts in planning budgets—in systematic saving—we would be glad to open a savings account for you and help you with financial problems such as temporary loans, financing repairs on your home, or the possibility of saving money on life insurance premiums.

**Newton High School  
Music Club**by DAPHNE VOSS  
For their January meeting, the Music Club, of the Newton High School, through its advisor Mr. Lasker, was very fortunate to have as guest speaker, Rudolph Elie, music critic of the Boston Herald-Traveler.

R.F.E. as he is known in the field of journalism is well known for his spirited interviews with leading musicians and gracefulness of the music and theatre worlds.

Mr. Elie first spoke briefly of the means of becoming a critic. He stated that one could not make any specific preparation to excel in that field and need not even know an overwhelming amount about music, for after all good musicians, because of their personal viewpoints do not make good critics; still, one must naturally progress beyond the elementary stage and learn the basic principles of music. To keep up with current interests and constantly enlarge the scope of musical appreciation by listening to music of all types is vital in this broadening process. In Mr. Elie's own case he finds that the music critic must be a cosmopolitan fellow, knowing how to approach various organizations and personalities in the right frame of mind, allowing for the novice and the professional. He recommends obtaining any type of job on a paper through which one can work up to a desired position and claims that luck is the main leading factor.

As clever an improvisator as he is a journalist, Mr. Elie has allowed himself to mimic with skill the many personalities in the musical world. Mixing with the leading celebrities as he does, he has given the eager audience personal slants of the legendary Koussevitzky, George Szell, Nicholas Slonimsky, Leonard Bernstein and others. He welcomed a question period at the conclusion of his talk when interested students' queries revealed more facts of Metropolis' remarkable memory, or Frank Sinatra's recent aspirations to become a philanthropist. It was with great reluctance that the audience saw the meeting draw to a close.

**"Handwriting

A very interesting talk will follow by Middlesex County President, Mrs. Beatrice Wilbur, her subject will be "Influence of a Christian Home on the Children."

This will be followed by a solo by Mrs. Wm. S. Ferrin and recitations by Mrs. Edward R. Kimball.

Tea will be served. The hostesses will be Miss M. Evangeline Morse, Chairman and Mrs. Wm. S. Ferrin.

There's something about the theatre which gets me, and that is there's no real way of telling what's good or bad even though such geniuses in the art of theatre reporting foretell—and either warn or advise.

Take Broadway's newest entree for instance, Jean Dalrymple and Marc Connelly's comedy "Hope for the Best." In Boston it was so-so, but no play really takes the town down until N. Y. tastes its first night. And came first night here and the usual flocks, flocked to the Franchot Tene, Jane Wyatt show, knowing that anything Marc Connelly directs should be good, that anything Jean Dalrymple, leading theatrical publicist and producer books ought to be up to par; that anything which stars such Hollywood stars must be a must-see.

The "day after last night" tho, found 7 of 9 papers reviewing—uh-uh; the Mirror and Post—O.K. "Hope for the Best" was definitely not a hit; yet all theatregoers depended upon PM's Kronenberger, king of critics. Review of his colleagues, Sunday editor, William McCleery's play. You guessed it... a frank hands-down criticism.

Yet McCleery summed up the play in its finest, thus allowing brought out the needle points of the other reviewers, saying that H.F.T.B. was good, had a simple story with comedy, tried to prove an American thought, yet lacked in presentation with too many long speeches is now a sell-out. However, he and PM agreed that their fellow newspaperman's play about a newspaper columnist who writes for the people and about the people could have hope.

So of course the regular routine is to pack up and close shop just as the "Perfect Marriage" lecture, "Rebecca" had to do (to name two recent attempts) when the critics get too tough. Yet, believe it or not, "Hope for the Best" was reported to have had a \$20,000 advanced sale, has changed lines and speeches is now a sell-out.

That's what I mean by—there's no real way of telling. The public is awful choosy and likes to choose for themselves. A clap and round of hearty applause for "Hope for the Best" which should give its best from here on with Tene as the handsome columnist who gets advice from a pretty factory girl, Janey, to get up from his washed up bed and get down to meet the people. Wolcott Gibbs of New Yorker adds its "amusing stuff, very satisfactory humour." The "know who's who" on Broadway. If you got the paying cash to cash out, I'd see "it" just to make Burton Rascoe know-it-all from the World Telegram eat his hat about who would go to see such a flopper.

**WALKING BY FAST**—Errol Flynn in town played tennis with Bill Tilden and Vincent Richards last Saturday for a benefit. Gets around doesn't he?—Lauen Bacall, the Look-alike looked up by Maritime Girl—For all harried couples we suggest hearing Gertrude Nielsen sing "I Wanna Get Married" in the hit musical "Follow the Girls"—The Capital has the best in town record mark in the house.

The mystery plus stage show Ralph Edwards' "Truth or Consequences," Gloria Jean, Hollywood starlet, and Sonny Dunham and Orchestra. Where else can you find such tops in a film, radio show, a young beauty, and a top-notch band all at once for one?—The best film of the year may well be "A Tree Grows in Brooklyn" starting Feb. 28th at the Roxy and I'll take bets now that it surpasses any show that ever hit the record mark at the Roxy. My goodness, Brooklyn itself will most likely see the show out for four or five months.

—Too bad Bostonians can't read the NY Post's Earl Wilson. There's Ballet Russe opening again for five more weeks at the Mayors City Center of Music and Drama.
